KENTON HIGH SCHOOL

Preface

IN an honest effort to publish an Echo that will be original, distinctive, and representative, and to give the readers a medium by which they may relive in memory their high school days, the Echo Staff has solicited and received the unselfish services of many. We are very appreciative of this valuable aid, and wish at this time to express our sincere thanks therefor.

MRS. WILLIAM ROBINSON

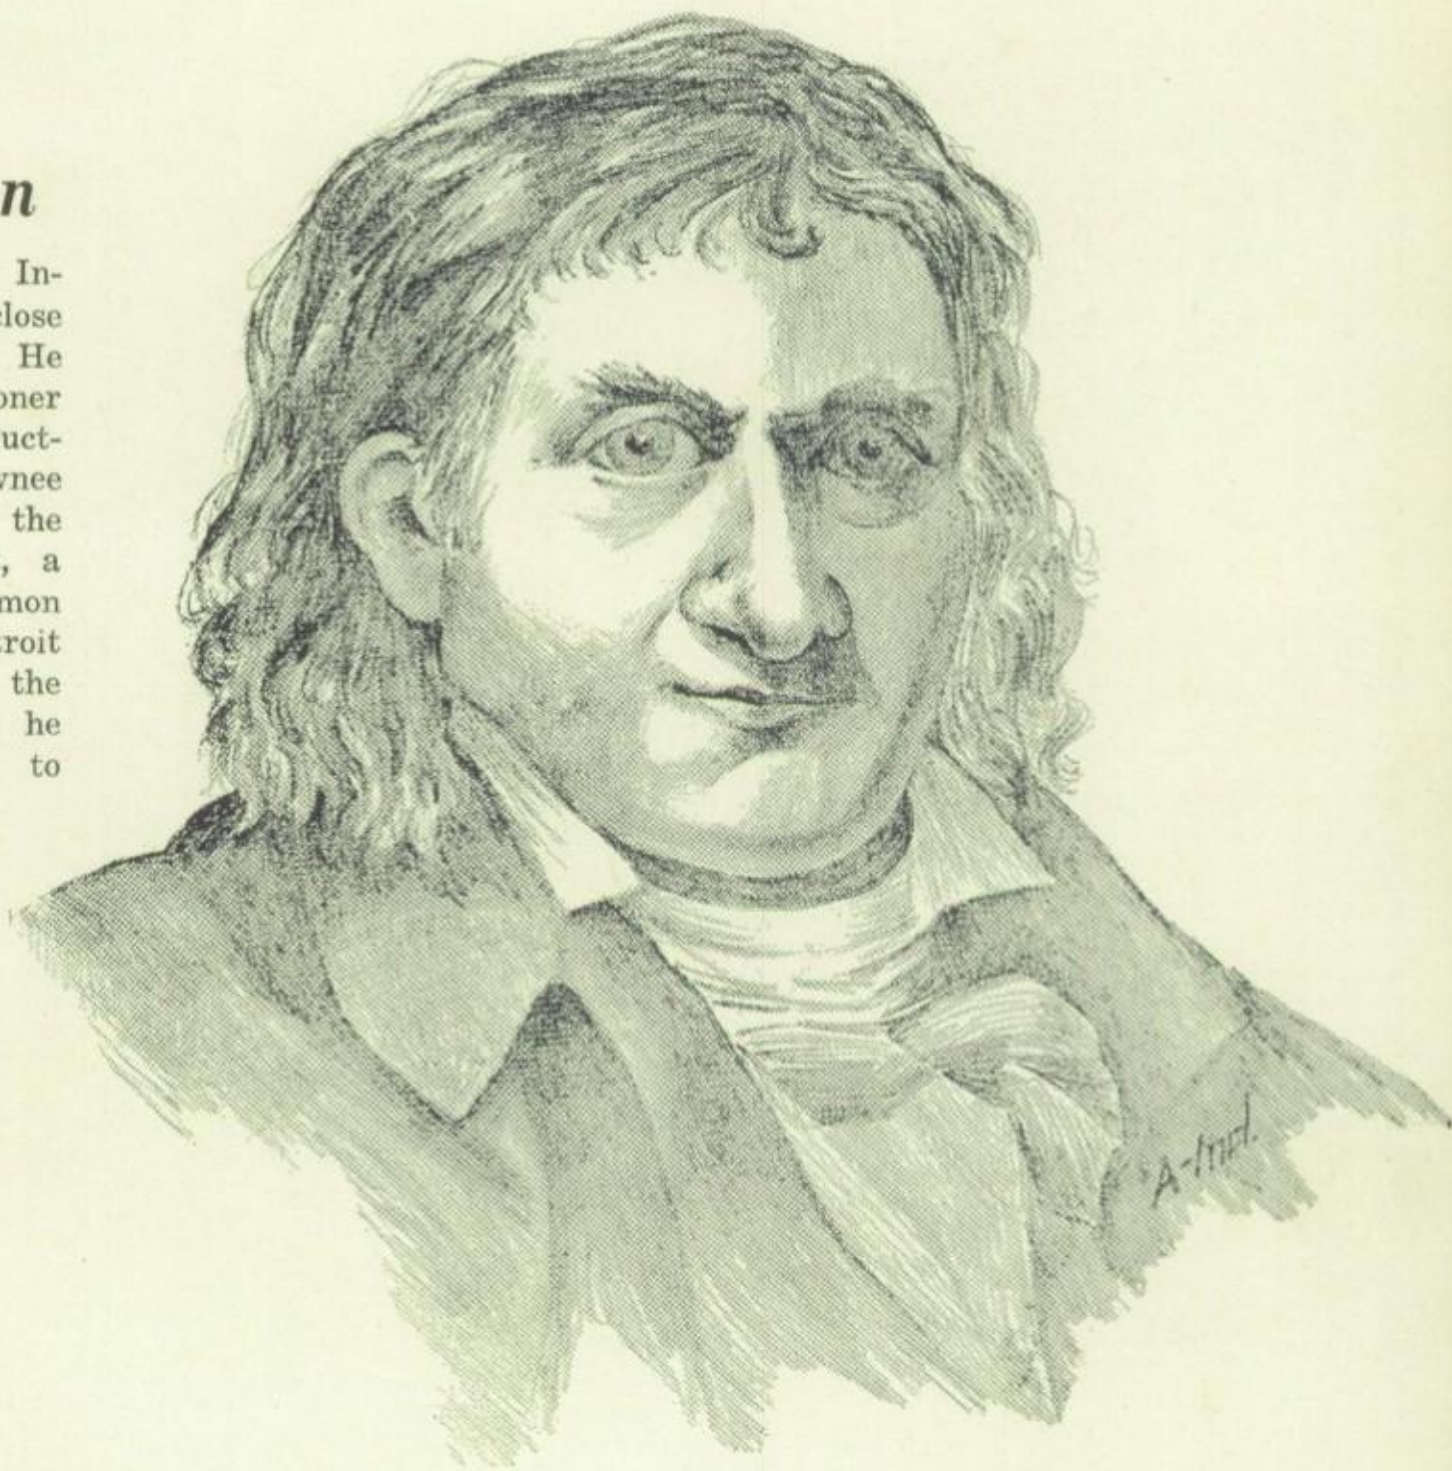

Dedication

TO the PIONEERS of Hardin County,
and to those PERSONALITIES who
made possible the city of Kenton, to those
INDIVIDUALS who have played a part
in her history, and especially to Mrs. Wil-
liam Robinson, who has done much for
the betterment of our high school, the
senior class of nineteen hundred thirty-
three, takes pleasure and pride in dedicat-
ing this ECHO.

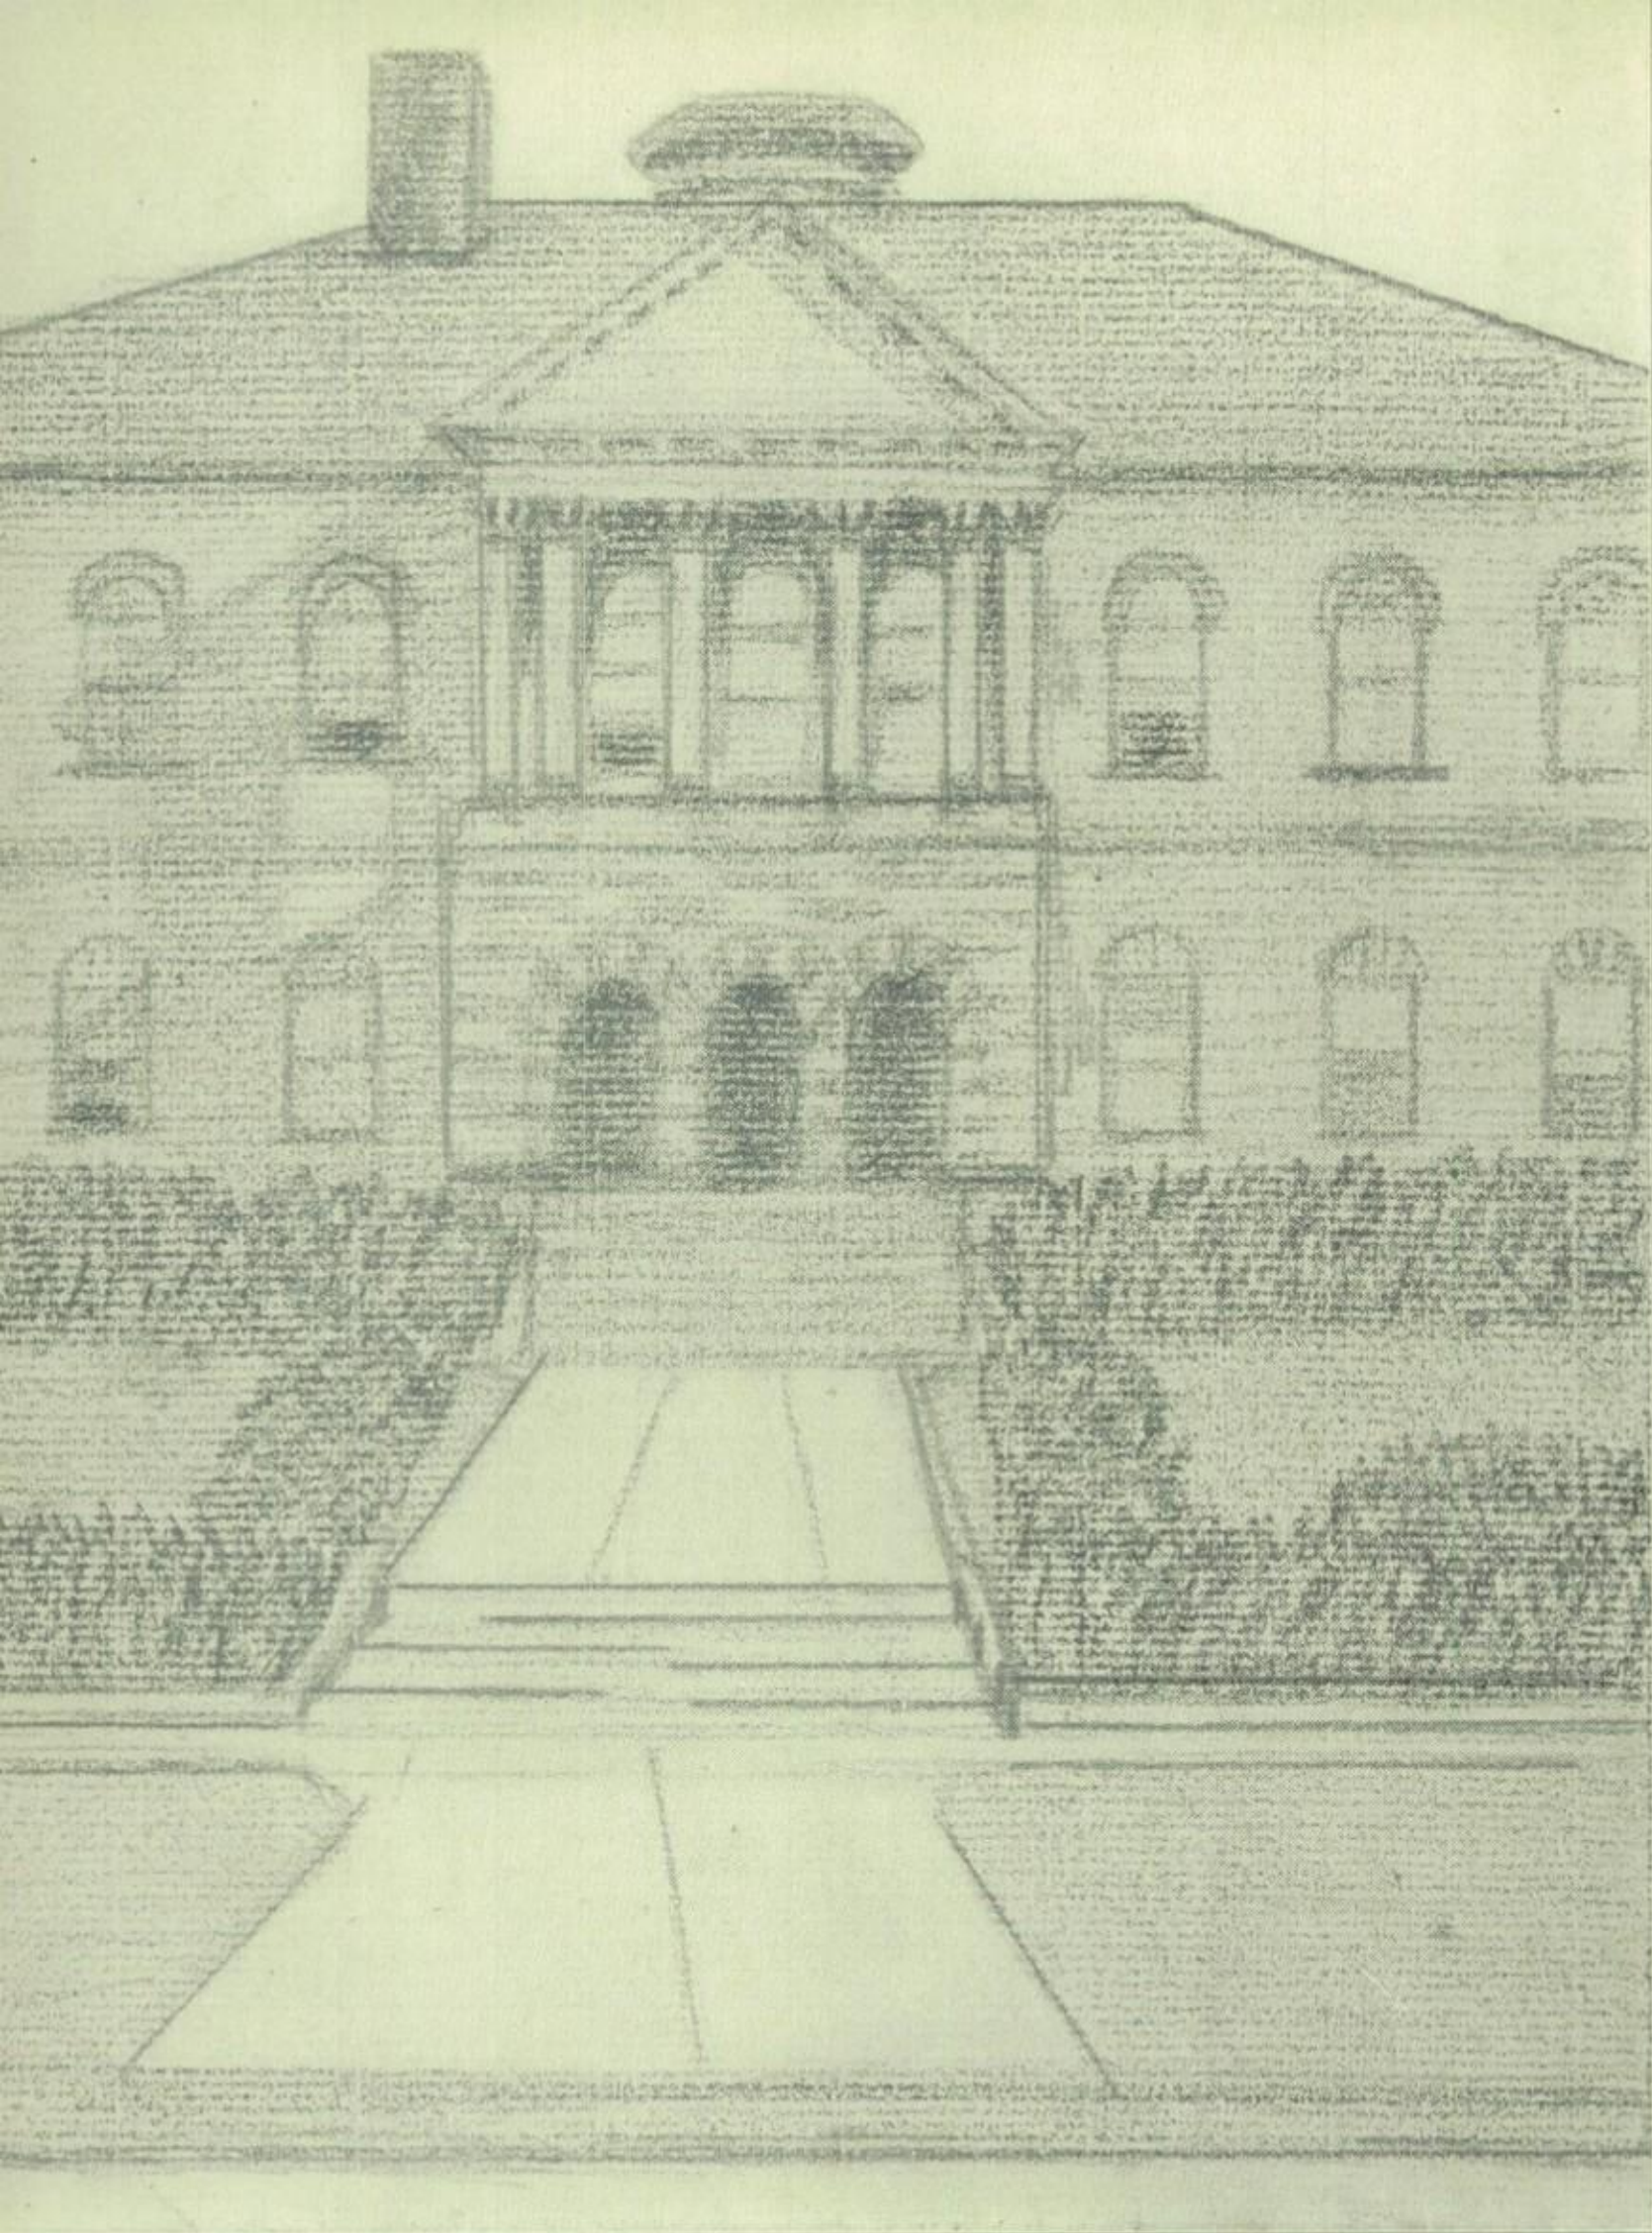

Simon Kenton

KENTON, a notorious Indian fighter, was a close friend of the McClouds. He was once held as prisoner by the Indians and conducted over the famous Shawnee trail. They camped for the night at Grassy Point, a spot south of Kenton. Simon was sent to the Detroit prison; later returned to the Indians to be executed; he escaped and returned to Kentucky.

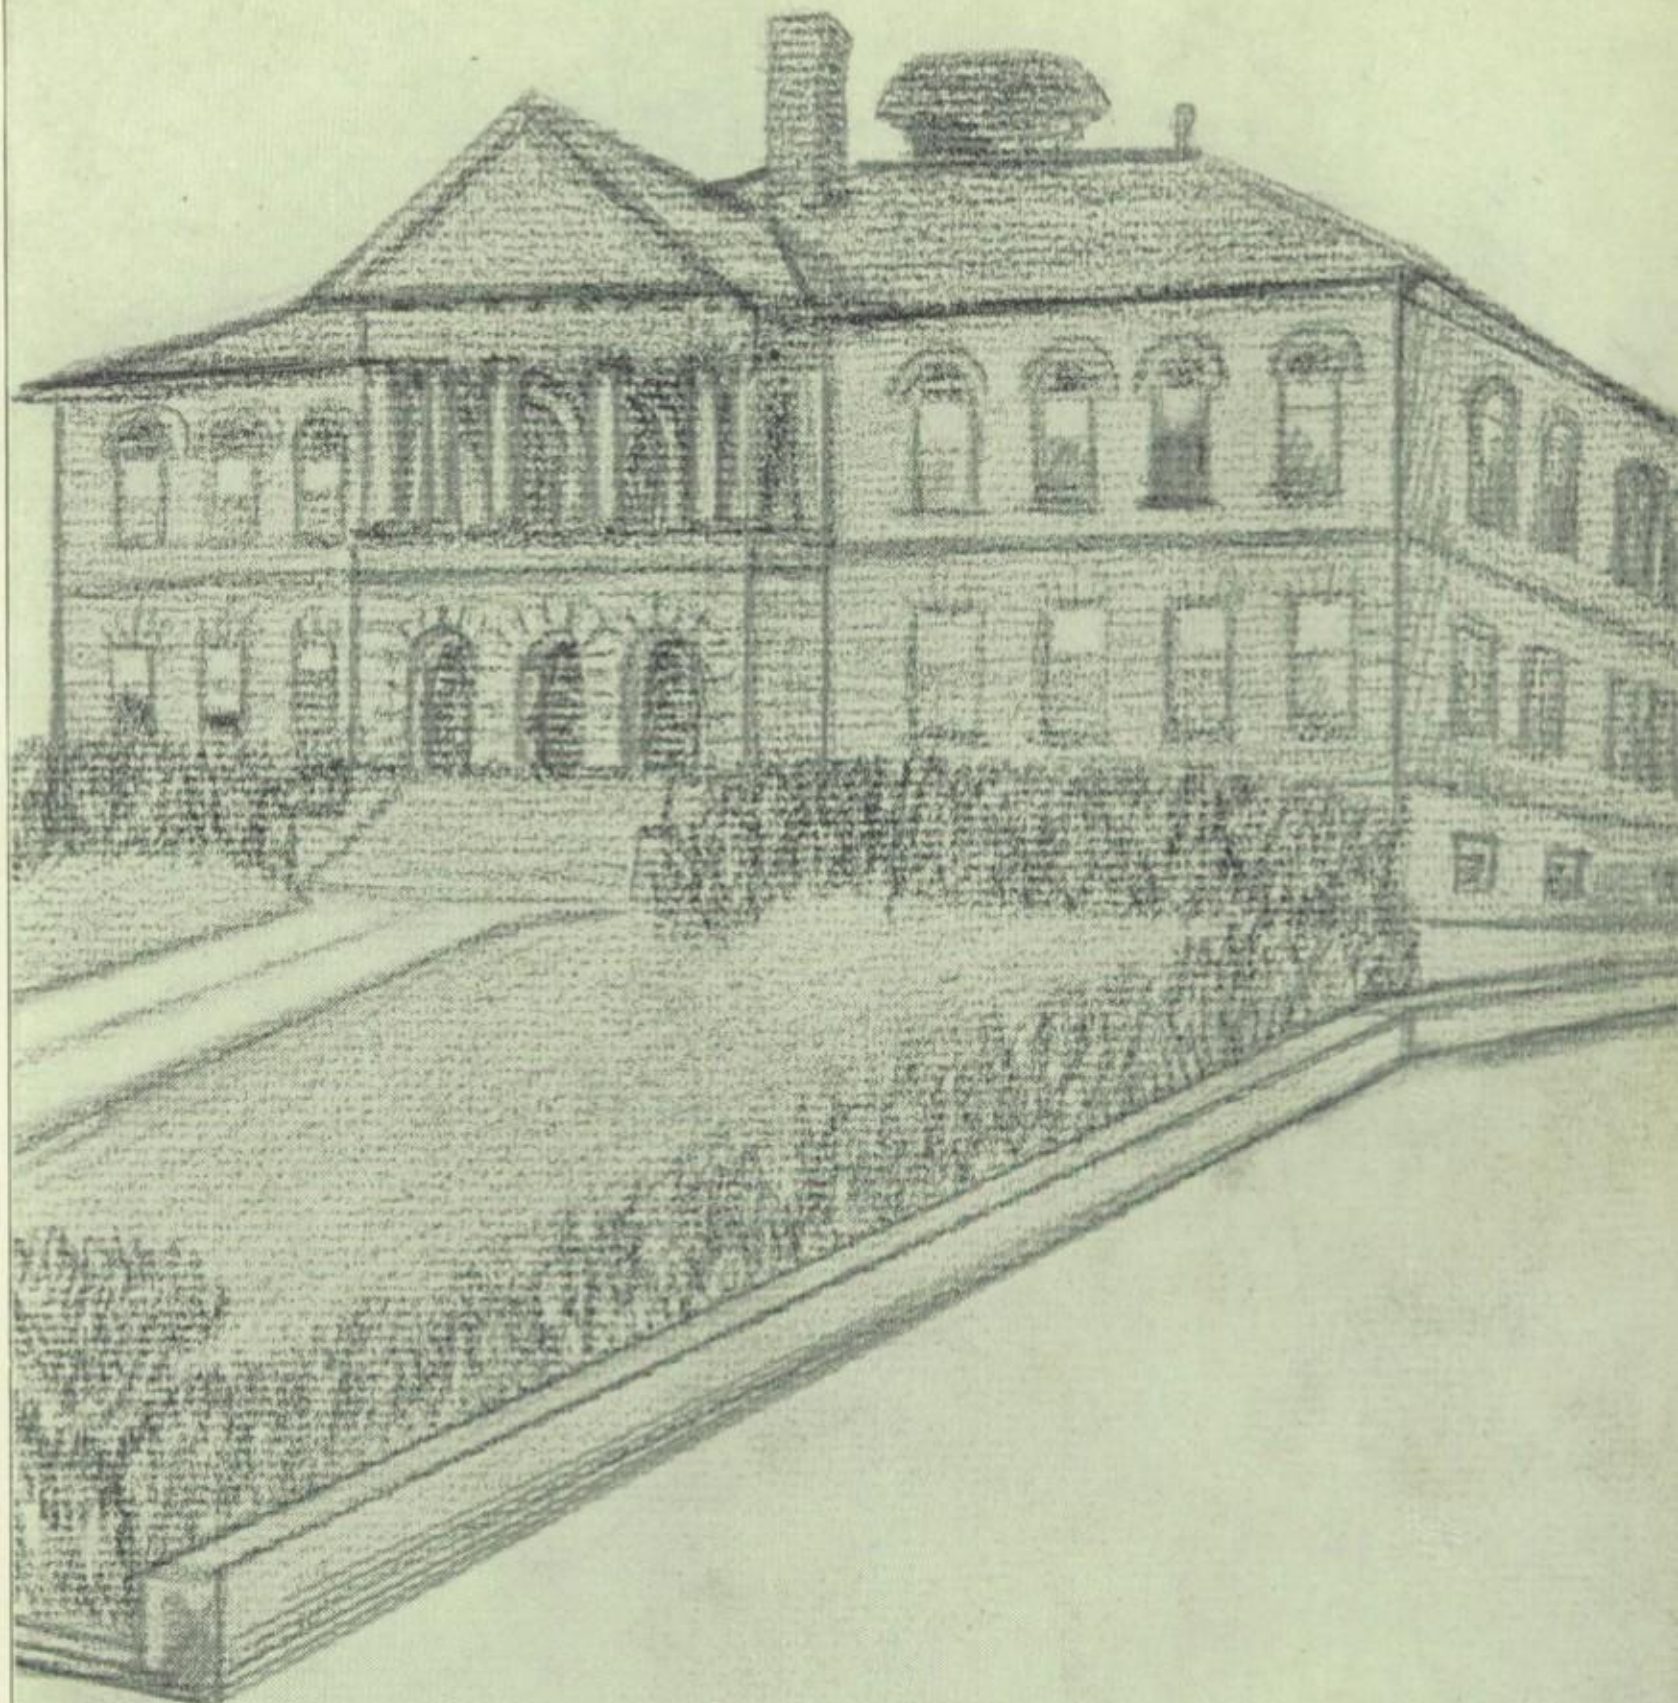

School Album

The Kenton High School

BEFORE the village of Kenton reached its first birthday a school was established in a cabin on Ohio street. During the next few years other cabins were needed to accommodate the growing school population. In 1842, the present site of the Grammar School building was purchased by members of the board of education. Two little frame structures were put up and here in the winter of 1842-43, James Holmes and Chauncey Drumn taught school.

The Kenton High School

THE present school system had its beginning between the years of 1854-55. The first union schools were conducted on the second floor of the building now occupied by the Kenton Savings Bank. But the school population increased rapidly and soon there was need for more adequate buildings. In 1894 the necessity of better high school facilities was recognized. The present building was completed and ready for occupancy immediately after the holidays in January 1896.

IN 1786 the Shawnees settled on Hog River, sometimes called the Ottawa River. Later Grassy Point, in what is now Hale township, was another vantage point because there were cleared lands and Indian corn fields. Here settlers gathered very early in the history of the county. A station for the purchase of furs was located on the popular highway—the Old Shawnee trail. However, no record remains of the families who lived in the vicinity.

Upperclassmen

“WHEN the earliest settlers entered Hardin County, it was densely covered by timber, while vast numbers of deer and other game roamed through the forests. From the undulating surface of the country, the red hunters of the Wyandots, Ottawas, and Shawnees made it a favorite resort during the hunting season. The fur traders had many stations for the purchase of pelts. They were also responsible for the naming of several small streams throughout the county.’

History of the Class of '33

The history of that noted class of '33 began one late summer morning in September, 1921.

In 1927 we began our career in the Grammar school. We presented as our operetta "Christina of Greenland." On May 29, 1929, we received our diplomas which entitled us to the four best years of our life . . . high school.

On Tuesday after Labor day in 1929 we entered high school, to be taunted by those upperclassmen. We made a big showing in football and basketball. Our girls' basketball team won the Girls' Intra-mural Tournament with Betty Holycross as captain. "Roxy" Jones was our president, through his efforts the Freshman class had a weiner roast.

During our Sophomore year we chose Virginia Hill to guide us. Everyone remembers that famous play "Grandmother Pulls the String", in which Burt Harrison played the Grandmother. We have a dance and what fun! Even the teachers enjoyed themselves.

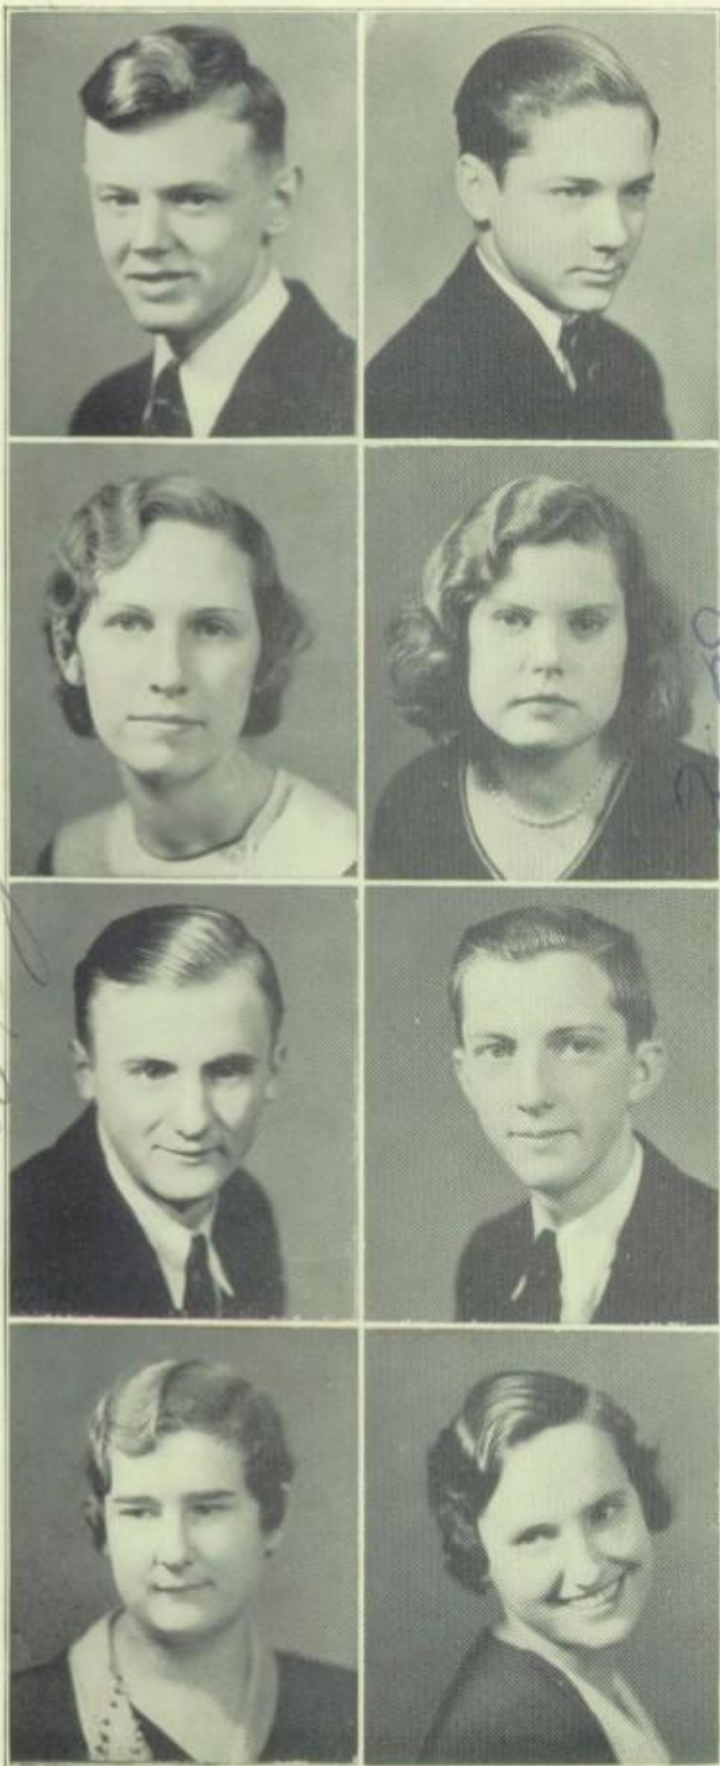

Our Junior year was next to the greatest year of our high school life. We gave the comedy "Come Out of the Kitchen" as our junior play which was successfully portrayed by our dramatic classmates. To climax our Junior year we gave the best Junior-Senior Prom., under the supervision of our president Gerald Pfister, that any class ever gave.

Our Senior year—at last we're here after four long years of hard work. At the beginning of the year we elected Gordon Swartz for our president. Our first enterprise was the winning stunt of the High School Hallowe'en Party. We enlarged our class by the entrance of Tom Weaver, a great piano player. We sponsored the Christmas chapel and you'll have to admit Joe Wagner is a very good "Santy Claus." Our Senior play was the best show our class ever gave.

It's over. Baccalaureate was held May 21, and Graduation May 24.

High School, you were a great comrade for four years, but we must leave you and go on. Goodbye, and give our best regards to your future Senior Classes.

The Class Prophecy of '33

In the merry month of May the Senior Class of '33 will graduate from the High School. That is, I hope that the Senior Class of '33 will graduate. And since such an illustrious group of pupils are leaving the school it seems a shame to let them go without knowing what is most likely to become of them. In such a case I shall endeavor to enlighten your slow brains as to just what shall happen to that Class.

In the first place, I doubt whether you know what a great salesman Gordon Swartz is. He says that in a few years he will be running the Jerrold Store, but between you and me and a couple of gate posts I believe that he will be selling oats to hobby horses. And by the way those self same hobby horses will be ridden around by none other than Tom Weaver who desires to be a riding master. I seem to hear wedding bells in the distance for some of the members of the illustrious class. Now I wonder how Helen Oglesbee or Beatrice Katterjohn will like living on nice prosperous farms, or how Lenora Johnson will like the city? I can see Ralph Calhoun and Raymond Shipp coaching good basket ball teams and buying the teams big, black cigars after each game that they win. They are not taking chances though, perhaps their teams won't win all the time.

William Robinson Kraus on being asked what he was going to be when he got out of college, replied that he would be an old man. Won't we all! And then I see Mary Lou Black who is teaching an exclusive school for girls, telling them what they should and should not do. Mary ought to know! And also in the future I see C. L. Burkart astounding the music world with her achievements in obtaining music from those strange instruments the piano and the marimba.

Just so that we do not forget the boys who get their start from Mr. Tam, I dimly see in the distance William Wolf who has, through much study and practice, won the hog calling championship of the world. And Wayne Rapp, Earl Breidenbach, John Berry, Robert Deerwester, Ernest Sutermeister, Kyle Gordon and Walter Fry are still fighting the corn borer.

To whom it may concern I wish to say that Virginia Hill is going to be a journalist, and if I am not mistaken Gerald Pfister is also inclined in that direction. And then I see those two little boys known by the names of "Burt" Harrison and "Roxie" Jones, doing a two-man vaudeville act which is laying their customers in the aisle. One look at their act and the customers are ready for the morgue.

We all know what a good place the Navy is, but I doubt if any of us know as well as Mary K. Brown. So in that case all that I can say is that four years is a long time to wait. Those two hard working boys Earl Kelly and Lewis Arnett who have quite a bit of interest in the great A. and P. are slated to become Kenton's great chain store magnates. Work hard boys and some day I'll raise your pay fifty cents.

I see nothing in the future but prosperity for Mary Jean Borton, Alice Weber, Marcella Predmore, Pauline Butcher, Vivian Mentzer, Edna McCormick, Marion Born and Mary Hart. Because you know P. F. Letart knows his stuff when it comes to teaching people how to type. Any business man whose wife does not understand him

The Class Prophecy of '33

can obtain a good stenographer from that list of typists. For two other students of Mr. Letart's I can see Clyde Millisor and Harley Shrider winning fame in the International Typing Contests.

And Neil Bradley, of all people, I can see operating a jewelry store in the fair city of Forest. Not only for the jewelry did Neil go to Forest. Tsk, tsk.

Then too, I can see that the House of David is materially helped by the new members, Avon Payne and Joe Wagner, that is if Joe can become man enough to grow a beard.

Leonard Goslee, the "Sax" player, and his orchestra, Jack Zingg, Harold Stewart, Lauren Holland, Thomas Cadwagan, Carl Goetz, Evelyn Chiles, Gretchen Haudenschild, foretell sad things for "Rudy" Valee and his orchestra.

"Peg" Kaiser and "Dot" Higgins are slated to be the best women directors of the legitimate stage. When they are famous don't forget they got their start from Miss Doughton at K. H. S.

William Willoughby, Philip Brielmier, Ray Shemer, Donald Martin, Clayton Kritzler and William Wilson have been destined by the gods to give their gifts to science. Let us hope that the gods were not wrong.

I can see that "Dot" Schrenk's ambition has come true and she is an instructor in a Kindergarten. She is ably assisted by Mary Mulligan, Catherine Ault, Eleanor Baker and Margaret Glock.

Ernest Pfeister, Theodore Detwiler and Carl Ewing are constantly worrying about the price of eggs. I wonder why? Perhaps it is because they are running a cream station in partnership.

And who do you think is president of the Y. W. C. A.? None other than Betty Holycross. Dorothy Fitzpatrick, Mary Ellen Jacobs, Ella Jonash, Catherine Overly, Naomi Reed, Esther Sherman and Helen Marquis make their residence there while working in some other part of the city.

Edna Naus is now editing one of the largest newspapers in Ohio. Her old schoolmates, Eva Shick, Mary Williams, Evelyn Culley, Dorothy McElroy, Allene Detwiler and Avonell Bryant work on her great and efficient staff.

Bernard Cavin and Carlos Wilfe now have charge of a great number of chain barber shops, in which Grace Smith, Helen Owings, Pearl Marquis and Thelma Johnson work as manicurists, while Freda Kerns and Dorothy Linnington are working as blonde hair specialists.

Keel Bryant and Donald McClaren are running a sports shop in partnership selling water buckets and a few other accessories.

Paul Fisher came through and put a lot of boys to shame by getting good grades.

I can see Paul, a prominent figure on Wall Street. with a tidy sum laid aside, from careful speculation on the Market. It is not every one that gets straight A's in bookkeeping.

Now that practically every one has had his future read I think that I shall finish by saying that no matter how bright you get or where you go, some day, some place, somebody will throw you in the ground and pat you in the face with a spade.

The Class Will

We, the Class of 1933, Kenton High School, City of Kenton, County of Hardin, State of Ohio, United States of America, being about to take our departure from the aforesaid, and being of sound mind, memory and understanding, desire to make a proper disposition of all estate. We do declare this to be our last will and testament revoking all former wills.

SECTION I

To the faculty we give the right to cheer and rejoice violently as we leave for the last time.

To Mr. D. B. Metzger we give the right to try to produce bigger and better classes than our own dear class.

To Mr. H. L. Naragon we give the right to assign more than fifteen page history lessons.

To Mr. Tam we will all our pipes and tobacco (to make more El Ropeos.)

To Mr. McKinley we give our deepest appreciation for his work toward the renewal of the three mill levy.

To Miss Doughton we give the right to produce many more of her famous plays.

To Miss Dorn and Miss Johnson we give the right to expel from the library as many Seniors of 1934 as they please.

To Mr. North we give Mr. Secoy's oxygen to produce greater bugs.

To Messrs Seitz, Letart and Doughman we will the right of entering upon the rites of Holy matrimony. (You have our blessings fellows.)

SECTION II

To the class of 1934 is given the right to become Seniors if they promise to uphold the dignity of the class.

To the class of 1935 we give the right to tear the flag of 1934 to bits.

To the Sophomore class of 1936 we give the right of bullying the Freshmen now entering K. H. S.

To the Freshmen we give four long, happy years. Be not discouraged, but remember the class of 1933 as your ideal.

SECTION III

To Jean Roof, Gretchen Haudenschild does bequeath the natural curls and blushes and one dozen boxes of powder, six powder puffs, and we do grant her permission to use same any time she wishes to.

To Noisy Warner, Norman Pyle wills his ability to think of wise cracks at any time.

Burton Harrison gives his manly height to "Uncle Jack Fink."

Paul Fisher and Avon Payne will their ability to go to sleep in the assembly to John Johnson, alone.

"Tommie", the brass horn tooter, wills the said horn to any one who thinks they are as windy as he is.

SECTION IV

Lastly, we do hereby revoke all former wills made by us, in witness whereof, we have unto subscribed this twenty-first day of May, in the year of our Lord one thousand nine hundred and thirty-three.

Class Song

As seniors now, we pause to sing,
A song of lasting praise.
With all our might, for thee we'll fight
For thee this song we raise.

For thee, oh Kenton High, we'll strive
To keep our honor true,
O'er all the world to thee homage do,
And now say we all . . . Goodbye.

History of the Class of '34

QUESTIONS

1. What is the population of the Junior Class?
2. What basketball players of this illustrious class showed up well on the floor - er - dance floor?
3. What auspicious event happened in September, 1930?
4. What event of great weight will occur in the hazy future of 2000?
5. What was the best, though "nuttiest" play ever produced in the history of K. H. S.?
6. When you hear a certain chugging and sputtering coming around the corner of Columbus and High in the morning - - guess who?
7. Why did numerous lads and lassies of Kenton Hi resort to crutches and canes, one bright, Spring morning?
8. What class president is a good chemist?
9. What foreign language seems especially popular among a certain group of Juniors?
10. How did some Juniors spend New Year's Eve?

ANSWERS

1. Population all of 128.
2. "Brandy" Lingrel—although he does confine his dancing to "Dottie" Cox. We also mention "Berly" Taylor and "Chuck" Hayes. They played good basketball.
3. The present Junior Class entered this, our fair school, as Freshmen. We never will again—we couldn't help it.
4. A few of this beloved class will graduate if they aren't all dead.
5. "The Nut Farm"—almonds, pecans, walnuts, Sterling Pfeiffer, "Dot" Gelhaus, Johnny Gramlich, Elinor Kettle.
6. Little "Elva" Burnison, with good old Oscar. Who cares if the differential is on the bum?
7. Onc't upon a time—the Jolly Juniors gave a Prom—so what?
8. "Dick" Garvin. He knows his "orders" and his "acids".
9. You don't know—and so do the Spanish students (?).
10. We - - ell — Auby Krimblebine played bridge—London Bridge, in a big way. "Marj" Hanna studied for exams - er - ah - shouldn't we all?

“HARDIN County was organized in 1820 by an act of the Legislature of the State of Ohio, but for some years was attached to Logan county; it was not until 1833 that it began its separate existence. The date will ever be remembered as it is now a holiday, Lincoln’s birthday, February 12th, when the county was organized and named for the gallant Colonel John H. Hardin of Virginia, who served with distinction in the Revolutionary War.”

Underclassmen

IN the spring of 1833 the committee appointed by the legislature selected a site for the county seat. They chose a piece of land located on the north bank of the Scioto near the center of the county. The committee then gave Mrs. McCloud the honor of naming the new city. By 1846 Kenton was a thriving city with eight dry goods stores and four groceries, one foundry, one newspaper, one grist and one saw mill.

Sophomores

Ladies and gentlemen, instructors of Kenton High School, also the students, and what have you. Upon this stage of magic Hindu baskets concealing terrible, spotted boa-constrictors, of graceful Japanese screens, and vases of tall flowers with spreading leaves, we greet you.

So, my friends, this year in presenting the Sophomore class to the public friends and we hope sincerely no enemies, I have borrowed the wizard's hat. The enchanted hat of Mr. Blackstone.

You see, there is nothing up my sleeves, no trick doors, no place of possible concealment anywhere.

And then—silence—lights dim to a ghastly blue, and from the hat one by one appear that well known trio, Leona Naragon, Jeanne Roof and Martha Ransdall who hold records for making the highest grades among the Sophomores.

They disappear in a burst of licking, red flames and from nowhere in particular and seemingly everywhere in general comes that shy, girl chaser, Wilbur Jordan with his silly, little red hat cocked over one ear and a wise-crack ready for everyone.

Next comes "Pete" Lichty, our beloved president, who sits up all night at times wondering how the depression is going to effect the class treasury. Or perhaps it would be more fitting for me to say "Freddie" Fink, for of mornings his countenance is indeed woebegone because he seems to be very interested in Audrey Feck at the present moment.

First Row, left to right—J. Glock, N. Oliver, K. Garvin, A. Hamilton, E. Cole, A. Feck, M. Lick, M. Winters, H. Black, M. Woodward.

Sophomores

Presto Chango! We have art in our class—not black art nor white art—but artistic talent. Thelma Schindewolf, modest smile and all, is the genius I draw from the hat. Everyone, even the Juniors, admired her posters advertising the Junior play.

There is music in the air—catchy rhythm, perfect harmony, the lilting of a clarinet, the bang of cymbals, the blare of cornets, the wailing of a saxophone, and in a flood of light, out of the hat, taps Geneva Rubins in absolute time to the music.

But we must keep moving, and out swaggers that modest, bashful, shrinking-violet known as “Noisy” Warner, who, however, is constantly bubbling over with spirits and words.

Next in line, and up on their toes out hops “Bob” Keel and “Bob” Ehlen and “Bill” Augur our athletic stars in all the splendid array of our gorgeous colors Red and White. They shine in basketball and football. And are they good? May their glory never fade.

Then to the tinkling strains of a top band, Paul Lane, bless his little heart, pops out, teddy bear and all. “Good nite, kiddies.”

From the wings, out giggles Marcella Winebrenner, trying to run down some gossip she almost heard. And then—grand finale.

Now—the magic must go—we must say—au revoir—but I prophesy that as we leave you—so shall we return—strong and ready to go.

Freshmen

The various classes of Kenton High could be likened to a tree. The Freshmen verdent and fresh (?) would be the twigs, the Sophomores gay and full of pep, the branches. The limbs would be the Juniors more worldly and wise than underclassmen, and then the Seniors the full grown tree.

Let us quote what Frances Quarles says of youngsters, for such are the twigs, the Freshmen.

"Be very vigilant over thy child in the April of his understanding, lest the frost of May nip his blossoms. While he is a tender twig, straighten him; whilst he is a new vessel, season him; such as thou makest him, such commonly shalt thou find him. Let his first lesson be obedience, and his second shall be what thou wilt."

For a long time we have contemplated the enjoyable activities which accompany the lives of high school students, and at last these dreams have materialized. We are now the Freshman Class of Kenton Hi.

During the first few days of this new environment we were quite confused over the problem of getting acquainted with the various instructors and classes assigned to us.

But finally we emerged from this usual state of chaos, characteristic of freshmen, and settling down, we began an effort to follow the good example set for us by upperclassmen.

About this time, a mixer was given in our honor by the Hi-Y and the G. R. The cider was fine and a good time was had by all.

First Row—P. Carothers, A. Switzer, P. Steiner, M. Sorgen, L. Brewster, E. Elsasser, H. Crawford, B. French, W. Metzler, H. Thomas, J. Wilson, J. Moore, C. Pfeiffer, O. Graves, B. Cooper.

 Third Row—E. Buhner, J. Ries, R. Ewing, M. E. Strahm, M. Hanna, G. Kayser, M. Wolber, E. Steiner, M. J. Eaton, M. J. Morris, M. Thompson, M. L. Dille, J. Shick, J. Fink, P. Frederick, D. Marquart, R. Lintz.
 Fourth Row—P. Welty, M. Moore, W. Youngpeters, R. Fink, J. Gibson, C. Bryant, R. Martin, J. MaLady, H. Croy, J. Lucas, B. Shaw, J. E. Gerlach, V. Crooks.
 Fifth Row—Cyril Baker, W. Botwell, D. Barrett, W. Harris, R. Leoffert, H. Lease, O. Thomas, C. Grunden, J. Biddinger.

Freshmen

A short time later at a class meeting, we elected the following officers: Donald Barrett, president; "Ed" Buhner, vice president, and "Bob" Lintz, secretary-treasurer. On the Echo staff we have a small boy with a large name, Paul Schlinglof. Last, we have "Jimmy" Gibson and Paul Shipp, as our representatives to that important organization, the Student Council. This group provided the chapel programs, so welcome to any freshman whose Latin or general science assignment was unprepared.

To guide this class of beginners, we have two advisors, namely: Miss Scott and Mrs. Ora Sanborn, who strove to help us with the many problems with which we were confronted.

We have not, as yet, discovered any outstanding athletes in our class; however, several of our number responded to the call of football and basketball.

Although Freshmen are excluded from many of the school organizations and activities, we are amply represented in Mr. Roberts' choruses. We are also represented in the band and orchestra, which are ably directed by Capt. L. E. Willes.

In conclusion, we wish to congratulate our teachers and advisors on the good work they have done in instructing so fine a class.

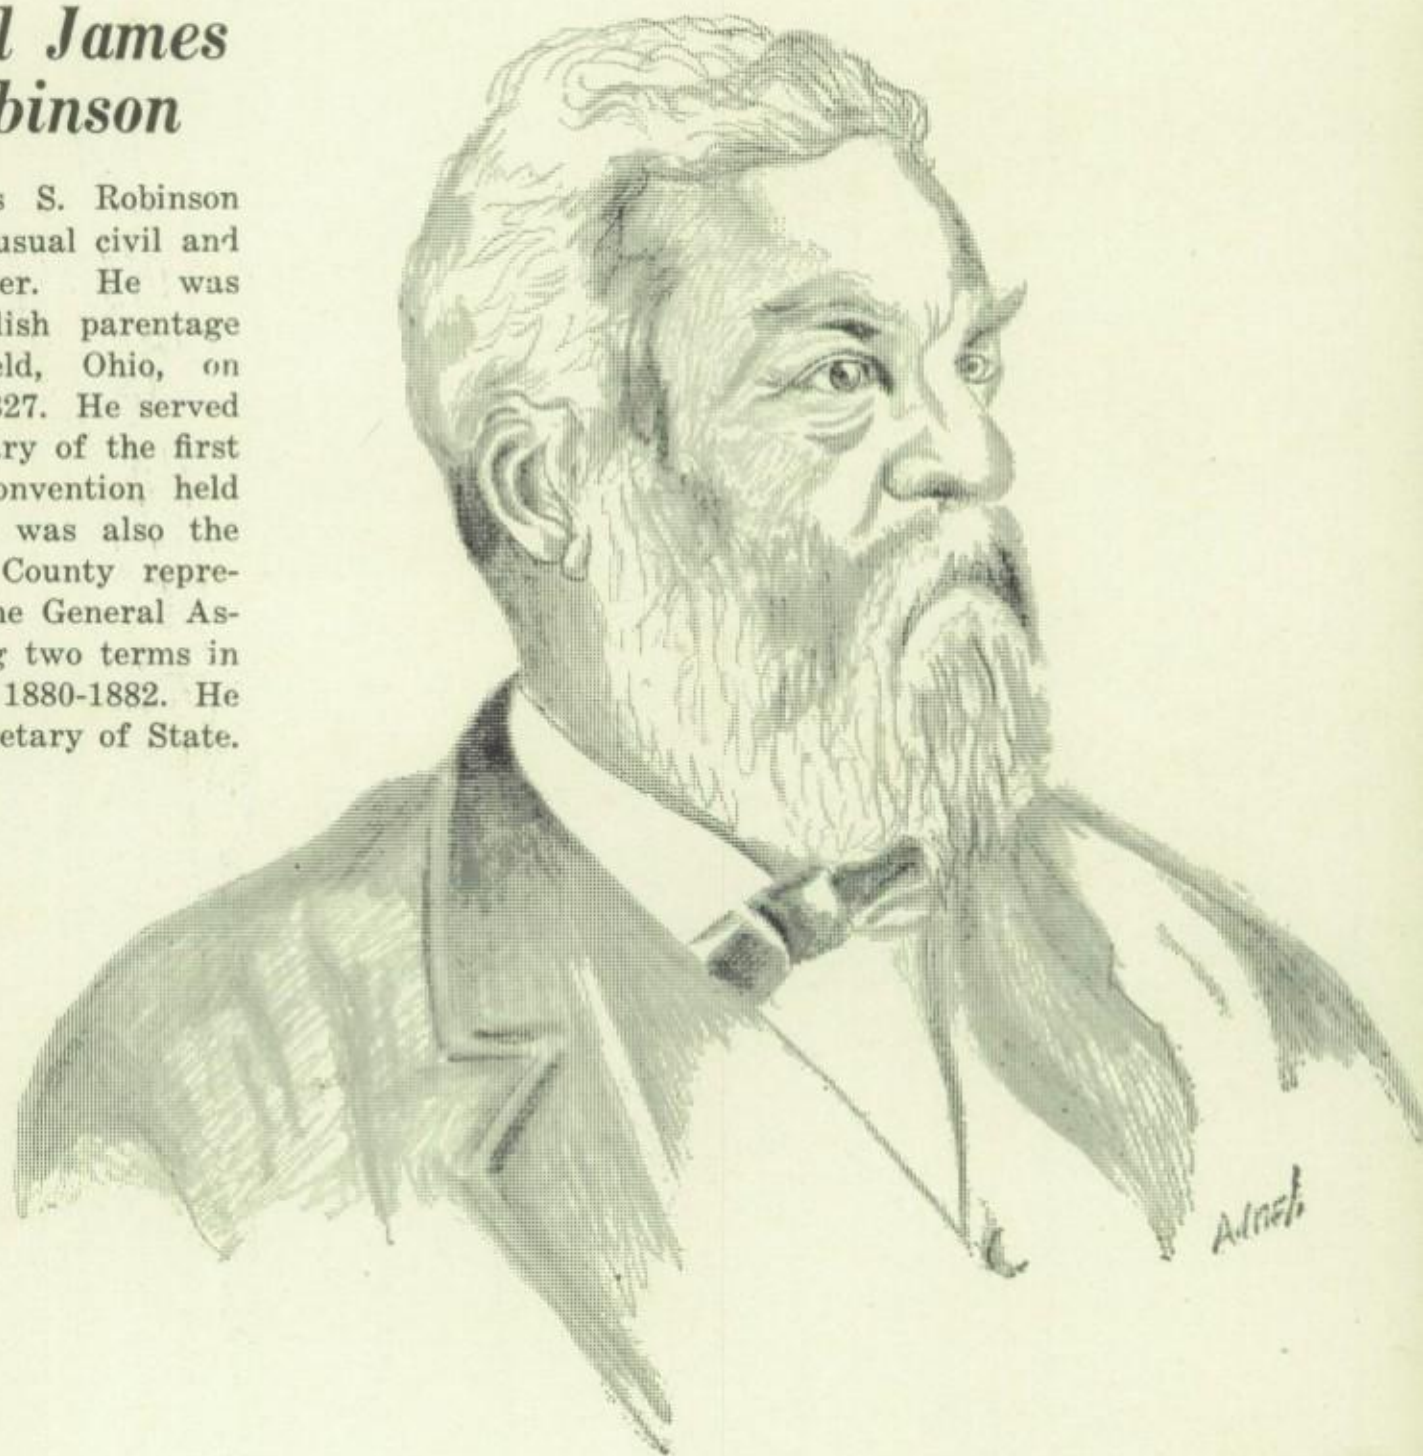

We now bid you all farewell until next year when you will hear more of the class of '36.

General James S. Robinson

GEN. James S. Robinson had an unusual civil and military career. He was born of English parentage near Mansfield, Ohio, on October 14, 1827. He served as the Secretary of the first Republican Convention held in Ohio. He was also the first Hardin County representative to the General Assembly serving two terms in that capacity, 1880-1882. He later was Secretary of State.

School Life

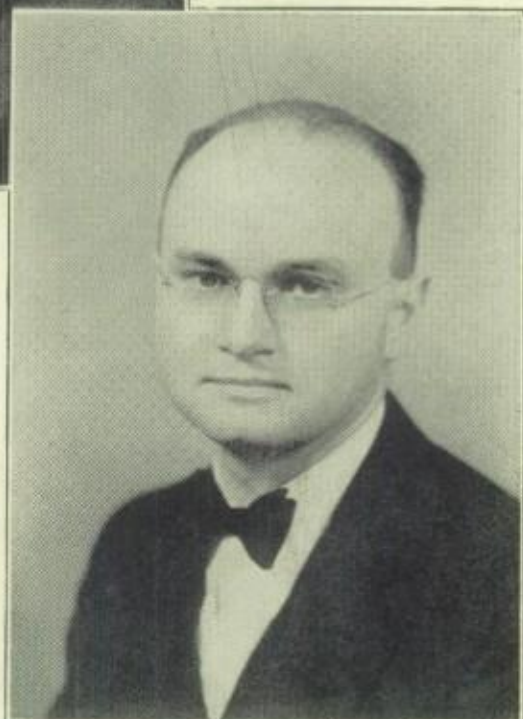

ON the east side of the Public Square, Hardin County's first court house was begun in 1834 and completed within a short time. Following the old custom there was a hall through the middle with rooms on each side. In 1853, the building and many valuable records were completely destroyed by fire. The second court house was built in 1854, for \$17,450. This building was torn down in 1910 and the present court house was erected.

Administration

THE first court in the county was held March 8, 1834, in a block house, the residence of Hon. William McCloud, at McArthur, McCloud being one of the associate judges. The first county officers were elected the next month. The total vote was only sixty-three. Very little business was done at the first term of court. The next year a trial by jury was required, no little difficulty was overcome before a jury could be found.

Greetings To The Class Of 1933

Congratulations upon the completion of your high school course. Education will be needed in the future even more than today. This is not the first discouraging period in our history.

We are waiting the new day. Be ready with a trained mind when it arrives. Be grateful to the citizens of Kenton for making your education possible during these trying times of 1933, and honor your parents for the sacrifices they have made for you during these early years of your life.

L. E. MCKINLEY, *Superintendent*

Today the youth of America is facing the most serious problems and the greatest opportunities of all time. In our present wilderness, the outlet lies in the abundance of energy, talent, desire, enthusiasm and ambition of our young Americans. A disorganized world calls widely today for leadership. It has failed under the guidance of the present generation and looks hopefully to youth, with its undimmed visions and potentialities, to set it in order.

Too little thought is given to that group which guides the whole school system, the Board of Education. They have aided us in every way that they possibly could to win a worth-while elementary education by securing a good faculty and obtaining modern equipment. We, in behalf of the student body, wish to thank them for their help and able direction during the school year 1932-1933.

THE younger generation of the early pioneers had their share of fun even though parties and dances were on a rather small scale when compared with those of today. However, the old cabins and schoolhouses were the scenes of merriment—for quiltings, dances, weddings, carpet rag sewings, spelling and singing schools, were numerous. Then too, there were log rollings, cabin raisings and husking bees which furnished opportunities of getting together for work and fun.

Activities

IN July, 1846, one of the most important gatherings ever held in Kenton took place, when the Mad River and Lake Erie railroad was completed from Sandusky to this city. At that time Sandusky seemed destined to be the greatest port of the Great Lakes, and was an important market. Between 1849 and 1851 this road was completed from Urbana to Dayton. Branches of the present New York Central system were completed in 1852.

The Stylus Club

The Stylus Club is an honorary journalistic society whose aim is not only to better journalism in the school, but also to bring out the hidden literary talent to be found among the students.

This club was begun four years ago under the leadership of Miss Velma Algeo and the Echo Staff of the class of 1930. This year all charter members graduate leaving it to the Seniors of next year to carry on its work. This year the work was carried on under the leadership of Edna Naus, president; Elinor Kettle, vice-president; Catherine Louise Burkart, secretary, and Gordon Swartz, treasurer. Advisors are Annabelle Hartle and Helen Dorn. Catherine Burkart also was the news reporter to the Kenton Democrat and News Republican papers.

Several requirements are necessary in order to be admitted as a member. The student must have an average of "C" or better. He must have written three articles, one preferably, an original one. Members of the Echo Staff are admitted voluntarily to the club.

The club, though still comparatively young, is fast gaining new members and a favorable place among the societies of the school. It is the wish and hope of the Seniors of the Stylus Society of this year that the work of the club will be strengthened and promoted and that the club will gain a foremost position in years to come.

Student Council

The Student Council, composed of representatives from each class and organization is the controlling factor of the school. Through its medium all vital questions are discussed.

Under the Student Council the different chapel programs and lyceums are presented to the student body. Chapels, original and serious alike, are given in order that each will have brought to the student some aidant, predominating idea. In this way not only have the pupils been given a chance to meet the local ministers and leading men and women of the state, but original talent has been brought out among the students themselves.

The Student Council this year brought up an entirely new plan of seeing the student financially through the year. This plan, the activity ticket, providing a chance for each student to see all home games, pay his class dues and buy his Echo at a much lower price than ordinarily, has been tried, and has proven quite successful.

The Student Council attends not only to the more serious matters of governing the school, but has proven itself in the way of social activity. This year a Hallowe'en party and dance was sponsored by this organization. The students proved it a success by their large attendance.

This group, under the supervision of its president, Virginia Hill; vice president, Helen Oglesbee; secretary-treasurer, Bob Kraus, and club advisor, Mr. D. B. Metzger, has had a very successful and profitable year.

Dramatic Club

Scene: K. H. S.

Time: Before initiation.

President Pyle seated, attired in black robes and white wig. As the curtain rises, he is winking at some one in the seats before him.

Norman—If you be good members of the Dramatic Club,

As you have whispered faithfully you are,
Shall you initiate all applicants for membership,
Let them be truly welcomed hither?

Bob—Of truth, I pray thee, sweet my president,
do not object their entering.

Norman—Then should you all will it so?

Everyone—Of a certainty.

Norman—So it shall be. And what, I Prithee,
shall be the act of initiation?

Gordon—Noble sire, Pardon, I pray you, but let
the act be numerous whallops with your paddle.

Norman—So be it.

Margaret—What of plays, most austere president?

John—Yes, let there be plays; plays, truth and
innocence, comedy and starkest drama.

Ruby—Ye citizens will attend them with all respect
and duty.

Norman—Amen, faithful subject, thy will is
mine. We adjourn with the pleasurable permission
granted by Dame Doughton. (Removes wig
and robe) So—what?

Hi-Y

In this world of pleasure seeking people it is very gratifying to see forty boys combined to create, maintain, and extend throughout the school and community higher standards of Christian character.

This is the motto of the national Hi-Y organization of our school. Under the leadership of Gordon Swartz, president, and Mr. Harold Naragon, advisor, the club has grown and prospered. They have worked hard toward the betterment of the boys' character and their associations.

The club held their meetings on Wednesday evenings. "Life and Its Problems", was the theme for the year, and the discussions were in charge of various individual members.

Through the auspices of the Hi-Y club, the student body was able to hear Dick Caulker, a native of South Africa, and Mrs. Cartwright, advisor on girl and boy relations, make interesting and educational addresses to them.

For the benefit of the Freshmen the Hi-Y and Girl Reserves sponsored a mixer. And who can forget that Hi-Y dance and the weiner roast.

We have tried to live up to the ideals of the club during the past year. The Seniors of the organization hope that the members of the coming year will carry on the standards of this club.

Girl Reserves

"To face life squarely" is the motto which fully explains the purpose of the blue and white club—the Girl Reserves.

Our club was quite large this year, and for the first time our meetings were held in the evenings in the high school auditorium.

We started our year with a G. R.-Hi-Y mixer, which was new to the club, but which was pronounced most successful by all those who attended.

One of our most outstanding entertainments was the Christmas dance, which was held at the K. of C. hall, and to which the Hi-Y boys were invited. Our annual G. R. Spree and the Mothers' Tea were, as usual, very delightful.

Many very interesting programs and discussions were carried on at our meetings. We were also fortunate enough to obtain many engaging speakers.

At one of the four regular meetings, Mrs. Cartwright helped us with the discussions of the three topics, "Relationship Between the Boys and Girls", "Developing a Personality", and "Friendship and Manners."

At Thanksgiving the G. R. gave their well laden baskets of food to poor families.

This year the club was under the leadership of Helen Oglesbee as president, and with Miss Smith and Miss Hartle as our advisors. Mrs. Naragon and Mrs. Gelhaus acted as our outside advisors.

Band

Attention! Here comes the Kenton High School Band. Let us note some things the band has done to demand such attention.

Mr. Willes has been with us eight years now and during this time the band has certainly done some worthwhile things.

In 1927 the band won first place in the eisteddfod in Kenton. In 1930 it won the State Amateur Band Contest and in 1931 the district eisteddfod at St. Marys. A few weeks after the St. Marys eisteddfod, the band traveled to Bedford to enter the State Contest. Although they did not win first, they placed near the top.

After winning the State Amateur Band Contest, they were entitled to broadcast over Station WAIU. Last summer they were again given the privilege of broadcasting over that station.

The Band Festival, last year, proved successful. Bands from Lima, Bellefontaine, Upper Sandusky, Fremont and Kenton participated. Each played two or three numbers. The program was concluded by a mass band.

During the year the band made a number of public appearances. Early in the fall they played for political meetings and for the school program at the armory, and also for one of the Parent-Teacher Association meetings.

Since the Band Festival proved to be more successful than an eisteddfod, plans were made, and another festival was held this spring.

Last of all, what kind of a ball game could be played without the band?

Orchestra

"The man that hath not music in himself, and is not moved with concord of sweet sounds, is fit for treasons, stratagems and spoils; let no man trust him."—Shakespeare

One of the outstanding musical organizations of our school, not excepting the bands presence or that of the chorus, is the orchestra.

No red and white uniforms, to be sure, but clothes do not make the man you know. Not much publicity or talk, but nevertheless the members of this group are always willing to lend their services whenever they are asked to do so.

The orchestra is always on hand at the Junior and Senior plays. Oh, how could an audience sit for ten or fifteen minutes between acts, while members of the cast are frantically re-learning their lines, without some music—and trust "Capt." Willes' "children" to give the people what they want.

At those times when only the best can be appreciated, such as the eighth grade operetta, P. T. A. meetings and chapel programs, the orchestra really charms with its presentations.

When we consider the difficulties of purchasing music for the players, at so high a cost, I think Mr. Willes is to be congratulated very highly on his excellent work in maintaining this orchestra.

If at any time there is "music in the air" it will surely be from the violins and saxophones of the Kenton High School Orchestra.

Chorus

"Music is the mediator between the spiritual and the sensual life. Although the spirit be not master of that which it creates through music, yet it is blessed in this creation, which, like every creation of art, is mightier than the artist."—Beethoven

The choruses this year, under the direction of Mr. Owen Roberts, excelled in number the last year's group. The mixed chorus was divided into two groups, one chorus meeting on Monday and Thursday and the other on Tuesday and Friday.

Among the appearances of these organizations during the year were a Christmas program, December 11th, at the First M. E. church, and at a Vesper Service at the Baptist church, December 25th.

Selections from the "Merry Widow" and "Kerry Dance" and also "On Wings of Song" were learned as part of the yearly work.

In the annual eisteddfod which was held at Bluffton, March 31, we competed with Van Wert and Bluffton. The songs chosen for competitive numbers in this event were as follows: Mixed chorus, "Now Thank We All Our God," by Bach; "Estudiantina," Lacombe-Page. Boys' Glee Club, "Shadow March", "Doggie Song". Girls' Glee Club, "Calm As Night". Girls' Trio, "The New Day", by Clark. Boys' Quartet, "Her Bright Smile", by Wrighton. Soprano Solo, "Floriens Song", by Godard. Alto Solo, "Like as a Father", by Davis. Tenor Solo, "Pleading", by Elgar. Piano Solo, "Whims", by Schumann.

Commercial Club

WANTED: A club with experience in Commercial Subjects, give details, regulations, education and references. Echo Office.

Kenton High School
1932 and 1933

Echo Office

Dear Editor:

Please consider me an applicant for the position which you advertised in the Echo. I am ten years old and have just finished the year of 1933. All members have had at least two commercial subjects.

I held a meeting every six weeks. At these meetings discussions were held on the problems and duties that confront business men and women and also the social side of their lives. Sometimes we all had a good time on a picnic or weiner roast. My chapel program was given the last Wednesday in March. This year I again sent out several Christmas baskets to add my bit of cheer to the world.

For reference I am permitted to refer you to Mrs. Peggy Sanborn, my advisor; Beatrice Katterjohn, president; William Willoughby, vice-president; Elizabeth Holycross, secretary; Helen Oglesbee, treasurer.

Yours truly,
The Commercial Club
Kenton High School

Senior Play

The Senior class of '33 gave as their play "The Ninth Guest" by Owen Davis. It was a mystery play. The parts were cleverly portrayed by the members of the Senior class.

Eight prominent men and women are invited by unsigned telegrams to a party. They arrived, each of the guests, only to find that some other is his bitter enemy and none knowing the identity of their host. As they are about to leave in indignation, a voice from the radio receiver informs them of the purpose of bringing them together: to create situations that will force their self inflicted deaths, one by one, during the course of the evening. Further, they are warned that attempted escape will result in a sudden tragedy. The eight are isolated in a penthouse far above the reach of aid. Death is the "Ninth Guest." The only possibility of survival is that their respective wits will be sharp enough to foresee and resist the influence of suggestion of the force of the voice of the unseen host.

The climax is reached with but three of the original eight surviving.

Junior Play

The Junior class of '33 presented as their class production "The Nut Farm", a John C. Brownell comedy in three acts.

It is the convulsing story of the Bartons, the Bents, a movie promoter, a scenarist, a film hero, a neighbor and young daughter.

The Bartons, Ma, Willie and Helen, have come with Helen's husband, Bob Bent from Newark, N. J., to California. Bob having sold his business in Newark for thirty thousand dollars is expecting to buy a Nut farm in California.

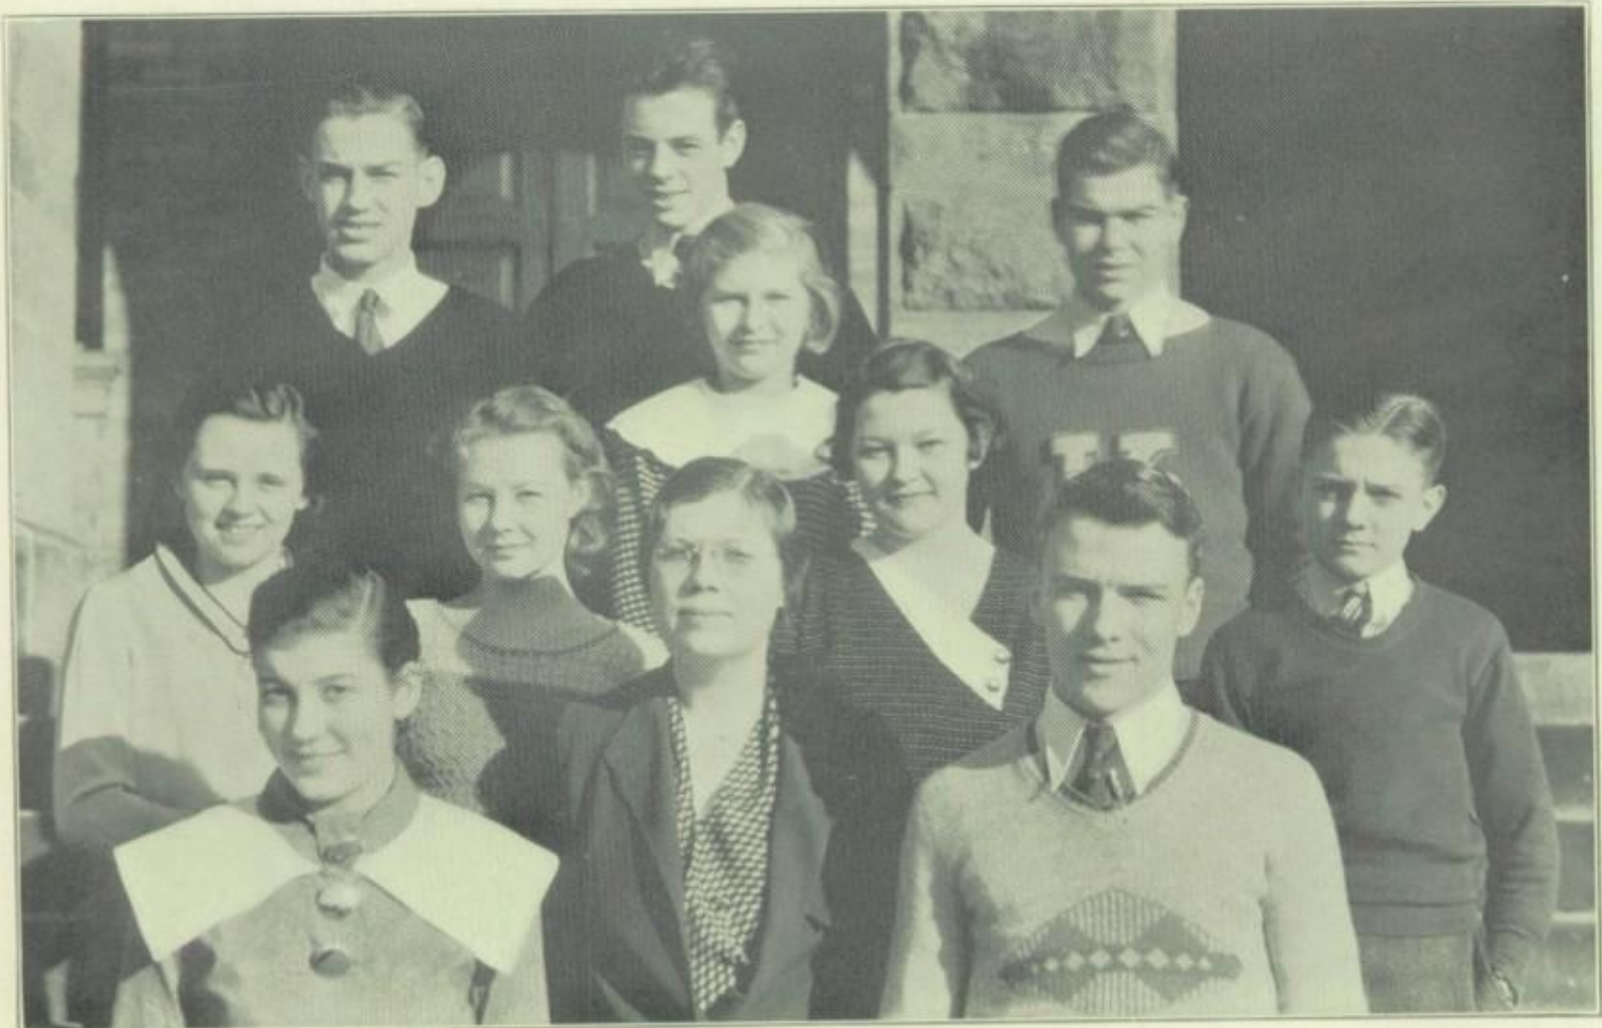

He has reckoned without Willie's yen to be a film director and Helen's ambition to act.

Helen persuades Bob to postpone purchasing the nut farm and invest his money in a film starring her. "The film is certain," quoting crafty Mr. Holland, "to triple your money."

Then what has been intended for stark drama, becomes with Helen's acting and the directorial twists of Willie, a screaming farce twofold, Willie gains a reputation as a director—plus a wife—Helen decides to settle down among the nuts and rear a family.

Home Economics Club

"Nothing lovelier can be found in woman than to study household good."—Milton

Advertising for a cook?—Right this way to our own K. H. S. Home Economic Department. We're always ready to feed the poor, half-starved, hungry he-men. (Like Avon Payne.)

The Home Economics Department has indeed had a successful year. Sixty-five girls were active in the department, and thirty-five members were active in the Home Ec. Club. However, due to the depression (when in doubt always blame it on poor, old, crippled-up man depression) only one teacher supervised the department this year.

Besides making dresses and pajamas and other things, baking cakes and pies and cooking candy, many social activities were enjoyed by members of the club. In early autumn a weiner roast was held at the home of Miss Avonell Bryant, who is president of the club. Ask the freshmen about the initiation. Then there was the annual Mothers' Tea at which the dresses made by the girls were displayed. Two parties were held, one at Christmas time, and the other in the spring.

The Home Ec. girls also packed baskets of food at Thanksgiving for distribution among needy people in the city.

Therefore, with all these things in view, what else can we say, except that the club has had a very successful year.

Ag. Club

"We may talk as we please of lilies, and lions rampant, and spread eagles in fields of d'or or d'argent, but if heraldry were guided by reason, a plough in the field arable would be the most noble and ancient arms."—Cowley

The Ag. Club was first organized in 1921 under the supervision of R. G. Milner. Later his work was taken up by E. R. Tam, present teacher.

There are several different departments to the present Ag. Club. Among them are the Ton and Litter Club, Beef Steer Feeding Club, Pig Feeding and Marketing Club, and Corn Testing Association.

The club is also active in liming and testing soil, in aiding farmers, securing and transplanting peach and apple orchards, in the production of registered seed wheat, oats, barley and corn, and in custom spraying of potatoes and fruit. Several courses in tractor repairing, gas engines, and farm machinery were also taken up.

This year several of the members attended a county, state and national livestock and educational exhibition, held at Cleveland. There livestock and grain, from all sections of the county, was displayed.

The Ag. Club is also socially active. Their annual parent-son banquet was held this year at the Espy building. A picnic was also held in the spring.

The Ag. Club is regarded as one of the most instructive of the associations of the school. Each year sees it gaining more success and prominence.

Girls Athletic Association

"Let the world have whatever sports and recreations, please them best, provided they be followed with discretion."

The Girls Athletic Association is at present the only club organized for progressing girls sports. All the different sports for which material can be obtained are taken up in this organization.

This year a tennis tournament was successfully conducted. Hiking, swimming, baseball, soccer, and basketball, soon followed.

Many social activities were enjoyed by the members of the club. At the beginning of the year a weiner roast was held at the home of Jane Martin, a former member. A bake sale was also conducted, the money from which was used in buying equipment for the different sports. The G. A. A. chapel was also worth remembering.

To obtain membership to this organization a girl must have one hundred points. These she can obtain by participating in the different sports. At the end of the year those having high points are awarded with letters and numerals.

The aim of the club is always to promote sports and sportsmanship.

IN the early settlement of Hardin County, wolves were a terrible scourge to the farmer, and accordingly a bounty of \$2.50 was paid for the scalps of wolves under six months old, and \$4.25 for scalps over that age. The applicant for the bounty was compelled to make affidavit that he had killed the wolf, whose scalp he produced, in the confines of the county. Hardin County paid bounties for the scalps of 500 wolves.

Athletics

IN 1858, a vote of the people was taken as to whether an infirmary should be built; the proposition was overwhelmingly defeated. The present infirmary was not built until 1870. The infirmary farms consisting of about 200 acres of good farm land, and the buildings thereon cost in the neighborhood of \$80,000. The site is an excellent one. It commands a striking and beautiful view of the city of Kenton and the fertile valley to the south. Here the poor of Hardin County find a comfortable home and protection against want.

K. H. S. Football Results

FOREST 6 — KENTON 0

Kenton Hi opened their football season by meeting the Forest crew. The Wildcats lacked experience but showed promise of a good team.

MARYSVILLE 12 — KENTON 6

The Wildcats showed much improvement over the previous week and fought to the last minute. McAdow was the shining spot for K. H. S., breaking up play after play and blocking three punts.

BELLEFONTAINE 26 — KENTON 0

The strong Bellefontaine crew was too much for the K. H. S. gridgers. Kenton was unable to find themselves and could not get started.

ADA 6 — KENTON 0

Showing great progress over their previous games of the season the Kenton Wildcats tasted their fourth defeat. The two teams, almost evenly matched, battled for three quarters without either team definitely menacing the other's goal.

ST. MARYS 19 — KENTON 0

St. Marys High School proved too much for Kenton in the gridiron tilt at St. Marys.

VAN WERT 0 — KENTON 1

Playing an ineligible man Van Wert forfeited the game to Kenton 1 to 0.

BLUFFTON 19 — KENTON 0

Playing on a cold, soggy field the Wildcats could not seem to advance the pigskin.

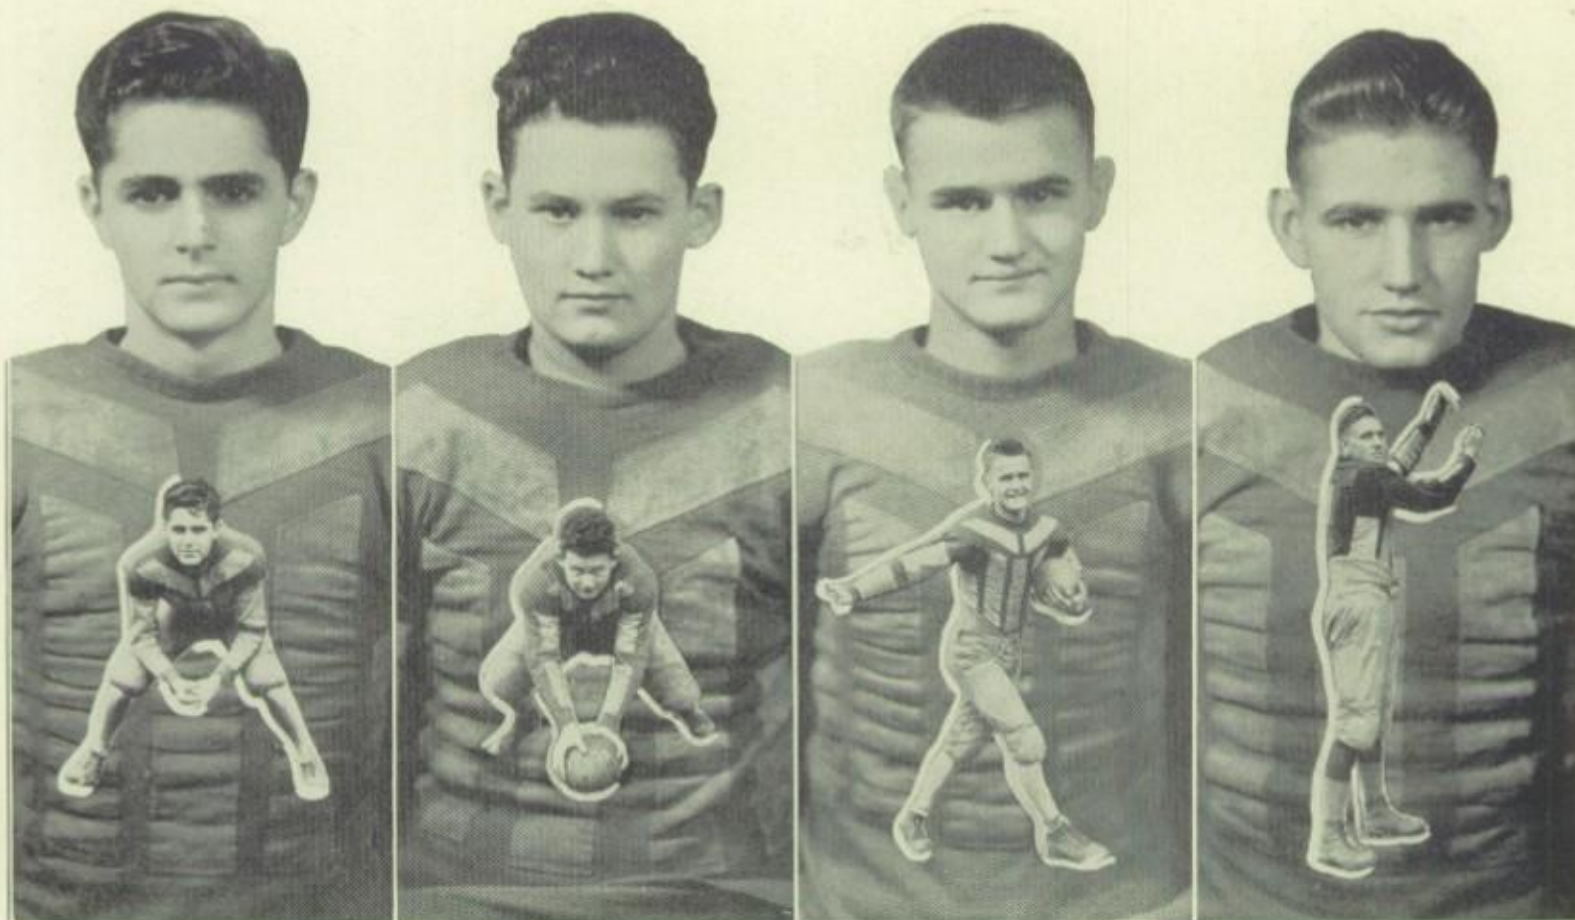

WAPAKONETA 0 — KENTON 26

The first quarter started with Wapak on a march down the field when Captain Pfister recovered a fumble on the two yard line which saved the day. The first touchdown resulted when there were eleven seconds to go till the half. Keel hurled a pass into Lingrel's arms for the first score.

Early in the fourth quarter Kenton started real scoring. A pass was batted down by a Wapak gridder into Pfister's arms who raced for the second touchdown. Calhoun started his line plunging which advanced the ball to the two yard line where he took it over for the third score. Calhoun again plunged to the three yard marked where Keel took it over for the final tally.

RICHWOOD 7 — KENTON 24

The Wildcats ended their 1932 football season in a hard fought and well played victory. Appearing in their last game the following Seniors played good all around football: Bradley, Shipp, Wagner, Payne, Pfister and Calhoun. Calhoun accounted for three touchdowns while Pfister snatched a pass and scored in the first half. Richwood could not stop Calhoun's line plunging.

Lettermen

GERALD PFISTER

— CAPTAIN, QUARTERBACK

"Jerry's" efficiency as a blocker and interference man came in very valuable. He was a good pass receiver and passer. Pfister's experience behind him brought out that he was capable of managing his team.

BILL AUGUR

— CENTER

His accurate and consistent passing of the ball resulted in many gains. "Billy" could not be moved from the line.

BOB EHLEN

— HALFBACK

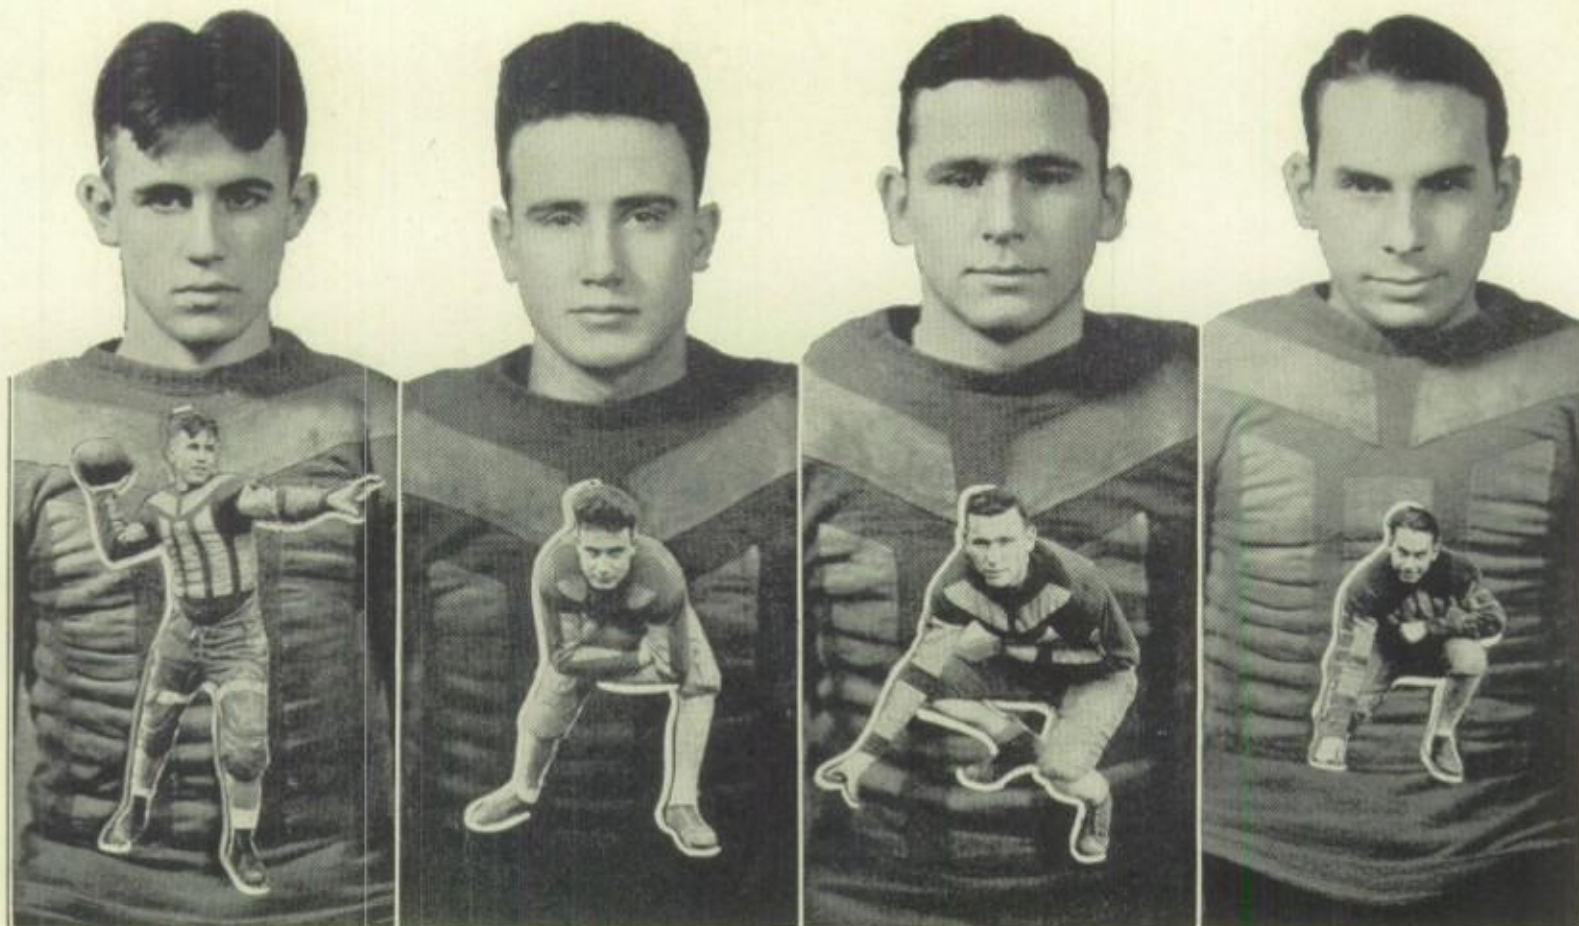

Filling his post at half, "Bobby" could sidestep and tackle the biggest and best runner he came up against. Ehlen, only a sophomore, will undoubtedly be a mainstay in the next two years.

AVON PAYNE

— END, FULLBACK

"Pete" could be used in the back field or on the line. Big and husky he could bring them down.

Lettermen

BOB KEEL

— HALFBACK

Keel was the fastest man on the squad and could be used at an advantage on end runs. His triple threat ability was very useful. Keel has several more years with K. H. S. and great things are expected of him in the future.

RALPH CALHOUN

— FULLBACK, CAPTAIN ELECT

Calhoun's first year out for football helped the K. H. S. gridgers to the utmost. His consistent line plunging and hard tackling brought him out as a valuable player to his team mates.

CHARLES HAYES

— END, TACKLE

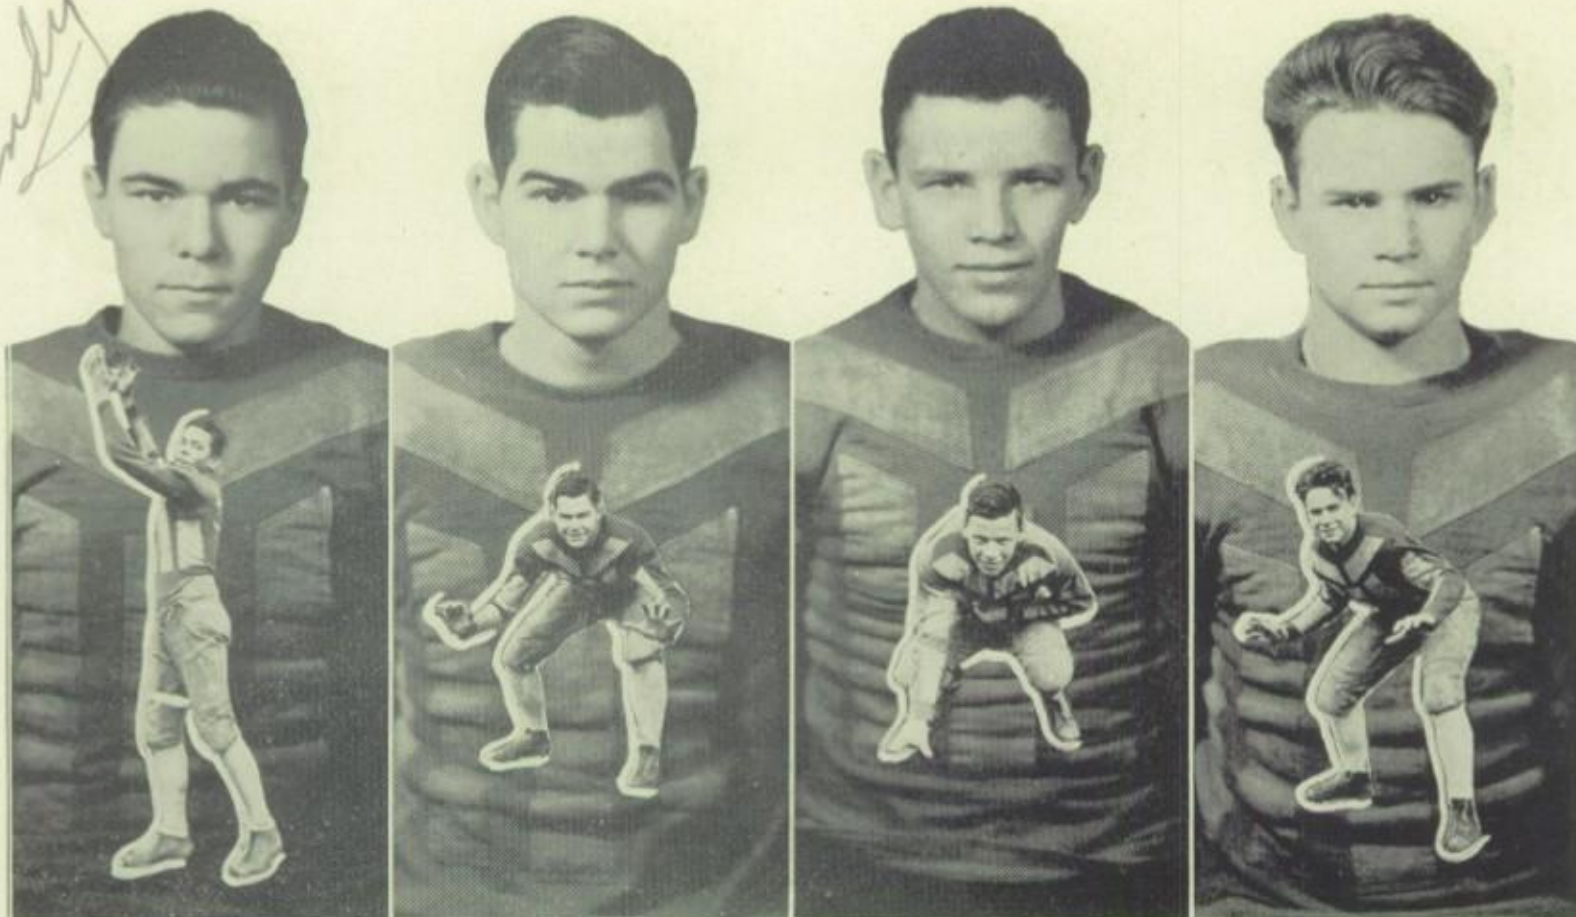

Big and ready for anything, "Chuck" could fulfill his position on the line. He was a good tackler and blocker.

HOWARD GIBSON

— GUARD

Being transferred here at the beginning of school, he came out for football and his stubborn and consistent opening of holes brought him a berth on the squad.

Lettermen

PAUL LINGREL — END

His first real try at football, "Brandy" could handle himself easily and fast for his large build. He was a good pass receiver and could "smear 'em" when they came at him.

JACK McADOW — TACKLE

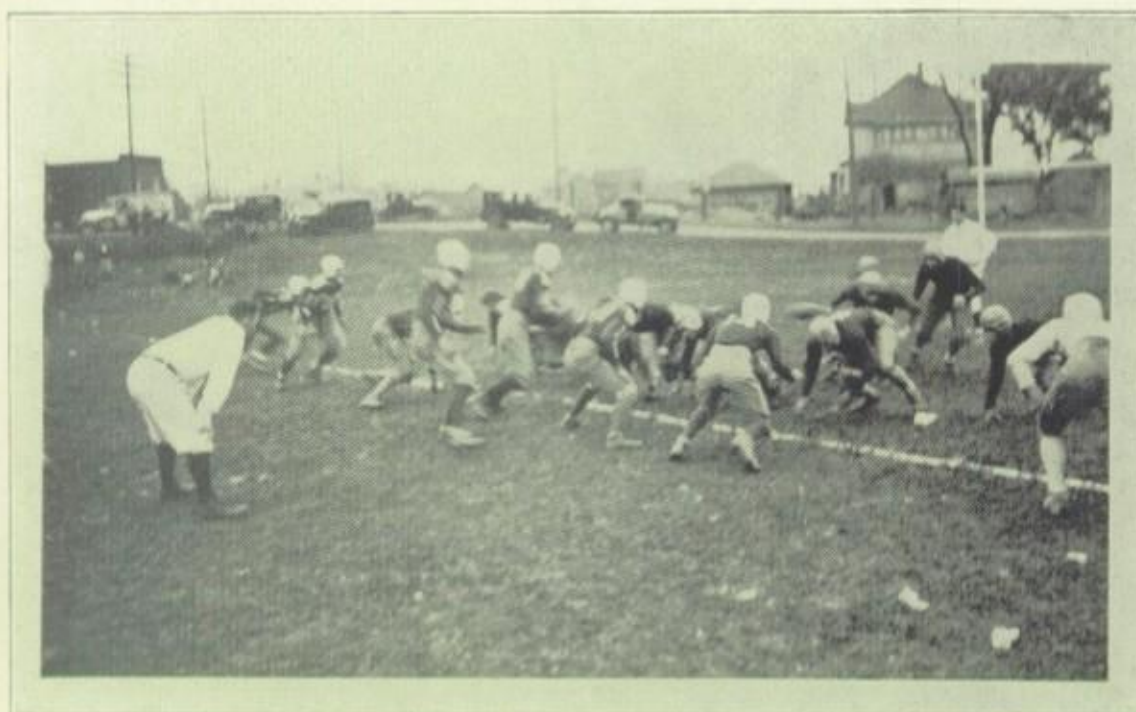

"Porky", big and clever, could knife through the opposing line and nail the runner from behind. He was good on blocking punts which resulted in touchdowns.

JOE WAGNER — GUARD

Small but mighty was Joe. Four years out for football at last got him a berth on the varsity. Joe was a scrapper until the end.

GERALD HAYES — FULLBACK

This was Gerald's first year out and he won his letter. As he has two more years ahead of him, he is expected to do big things.

Lettermen

NEIL BRADLEY — GUARD

Hard fighting and willing Neil could put to a stop anybody coming his way.

REX JONES — END

Rex coming from Lima was a help to K. H. S. this year. He was a good pass receiver and could force the runner in the middle of the pile.

RAYMOND SHIPP — TACKLE

Shipp was a calm but hard fighting lineman. He knew his job and saw that it was done.

DONALD McCLAREN — MANAGER

"Bud" was always on the job to help and fix up the injured gridders. He was willing and backed his team to the end.

FRANCIS CLARK — END, CAPTAIN

To the school's great disappointment the most valuable player on the squad moved to Van Wert when the first half of the season was over. "Pinny" was a four year letter man, fast and an excellent pass receiver, a hard tackler and clever on getting down under punts.

First row, left to right: Coach Holwerda, Brandy Lingrel, Ralph Calhoun, Bob Kraus.
 Second row:
 Bob Keel, Bob Ehlen, Gerald Hayes, Berlin Taylor, Raymond Briggs, Keel Bryant.

GERALD HAYES

CENTER

Much is expected of Gerald in future years, being only a sophomore. A calm but steady player and always on the job.

BOB EHLEN

"Scrubby", a sophomore, with plenty of spunk. He could shoot off balance, backwards, and forwards and "make 'em good." Great things are expected from him in years to come.

"BRANDY" LINGREL

CENTER

Tall and husky, "Brandy" could gain the tip-off which resulted in many baskets for K. H. S. He was clever in getting the ball off the defensive back board and follow-in shots.

RALPH CALHOUN

CO-CAPTAIN

Completing his third year on the varsity, Ralph had made a name for himself fighting to the end. He could bring the ball down the floor fast and dribble well. At the end of the season he was changed to forward and accounted for many points.

BOB KRAUS

CO-CAPTAIN

Bob also completed his third year on the varsity. He was a dead-shot forward and could always be counted on when the game was close. Kraus knew his basketball, took it seriously, and played well.

Lettermen

BERLIN TAYLOR

A good shot and clever faker with the ball, "Berley" was always on the spot. He has another year and more things are expected of him.

CHARLES HAYES

Big and tall, "Chuck" made an excellent back guard and was always on the lookout for an open man. His passes resulted in many points for the "Wildcats."

RAYMOND BRIGGS

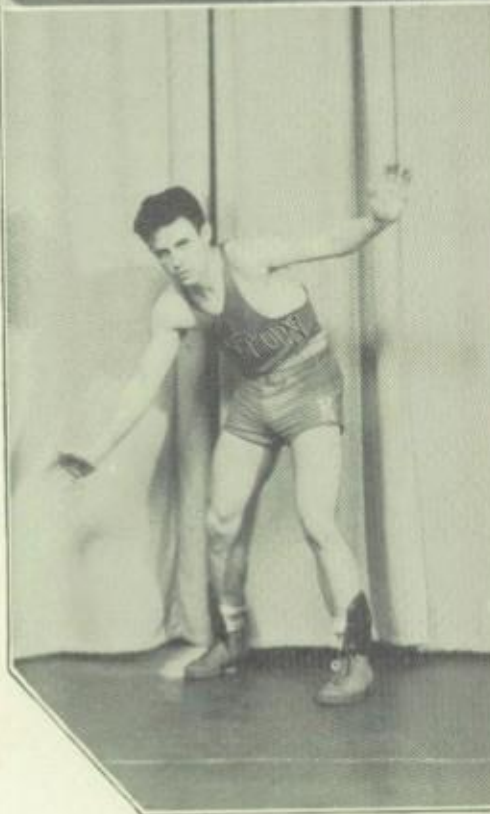

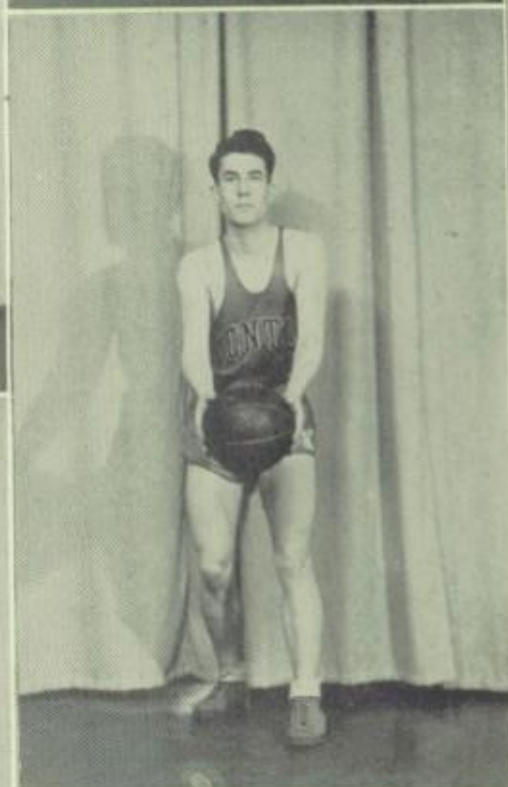

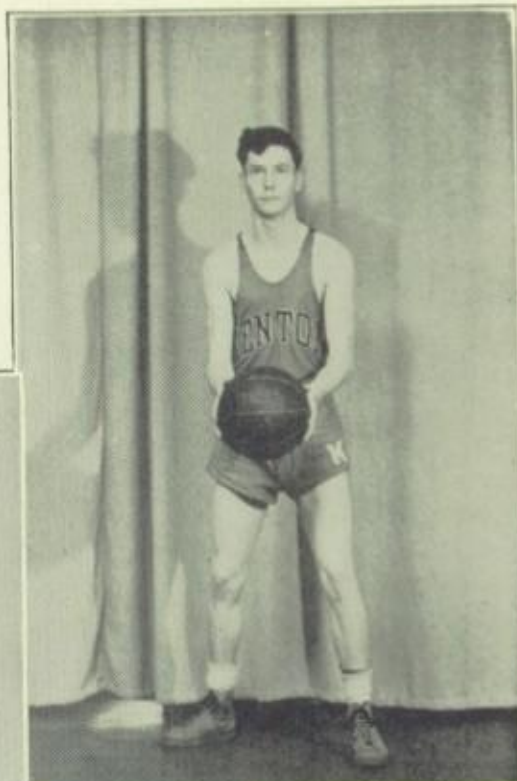

"Bud" could handle the ball very cleverly and was good as a floor man. He was always there when needed most to account for points.

BOB KEEL

Only a sophomore "Bobby" has a lot to look forward to in future years. He was an excellent shot, fast, and good on intercepting passes.

KEEL BRYANT

Always ready to help and back his team. Keel and "Johnny" Gramlich made two efficient managers.

Reserve Basketball

The Reserves, under the excellent coaching of Mr. Doughman, enjoyed a very successful season. The second string lads played some mighty tough teams and won more than a majority of their games. They displayed at all times a fighting spirit which won them many a ball game. Harris and Taylor, two juniors, were the scoring machine of the team along with Shipp who played regular at the pivot position. Wagner, a senior, played a consistent game at guard along with Augur, a sophomore. Harrison, Holycross and Mays were the utility men. Mays was the understudy at center, while Holycross was a "sub" at the forward post. Harrison played both at guard and at forward. Harris and Taylor are two players who look promising as varsity material next year. "Bill" Augur plays a very nice game at guard and should also be available for the varsity five next year.

Among the team the Reserves defeated were Ridgeway, Alger, Bellefontaine second-stringers, Ada seconds, Kenton Merchants, Wapak. seconds, and Florida High. They dropped close contests to Dunkirk, Ridgeway and Marion Harding Reserves.

William McCloud

WILLIAM McCloud, a mighty hunter, was the first associate judge of the Hardin County court of appeals. He and his family lived at Fort McArthur, a fortification on Hull's road. They took an active part in the early history of Kenton, Mrs. McCloud having named the county seat, and her son, Robert, having been the first post master of the county.

She: "Because you have such a good opinion of yourself."

C. L. Burkhart: "I don't believe we ever had that question, did we?"
Mr. Naragon: "Yes, we did, on page 249 in the text."
C. L. Burkhart: "I'm sorry, but I don't have my text with me today."
